

February 25, 1998

MEMORANDUM

TO: Community College Presidents

FROM: H. Martin Lancaster

SUBJECT: AACC Survey

The American Association of Community Colleges (AACC) Newsletter, January 27, 1998, (Issue #003) included a survey, which is a follow-up to the July 1997 survey you were requested to respond to on preparing welfare recipients for the workplace.

The January 27, 1998 survey seeks to determine how community college involvement in welfare has changed since the earlier survey was conducted. The AACC Newsletter states in paragraph three, "The follow-up survey will ask specific questions about your college's welfare-to-work program, the extent of outside influences, and additional services provided for welfare-to-work participants."

Please mail or fax a copy of your response to the January 27, 1998 AACC Survey to Lynda Wilkins at the System Office. Related questions or requests for additional information may be directed to her as well.

Thank you.
