

September 22, 1998

**MEMORANDUM**

**TO:** Basic Skills Directors  
**FROM:** Randy Whitfield  
**SUBJECT:** Drivers Eligibility Certificates

The permanent Drivers Eligibility Certificates are not ready due to a printing error. The Department of Public Instruction expects to have the new certificates by the end of September. They will send the new certificates to me, and I will distribute them to all colleges.

Until you receive further notice from me, continue to use the “temporary” certificates. The Division of Motor Vehicles will be notified that they must continue to accept the temporary certificates until the new ones are distributed.
