TO: Community College Personnel in Basic Skills, HRD and
Developmental Studies

FROM: Elizabeth Johns, Vice President
Academic and Student Services

SUBJECT: Technology Initiative

This initiative is designed to give you the opportunity to review the latest in software and technology. As a part of President Lancaster's commitment to keeping system staff apprised about current developments, we are pleased to announce the first in a series of software demonstrations. Future demonstrations will be offered as exhibitors express an interest.

NovaNET is the first software package to be scheduled. It will be demonstrated by Julia McCombs from 10:00 a.m. - 12:00 noon. Please review the attached description of **NovaNET** and your special invitation. The host director will need to know the number of staff attending from your college. Please contact her at least five days in advance.
