

# Memo

**To:** System Administrators  
Network Administrators  
**From:** Steve Ijames, Director  
Information Services  
**CC:** Presidents  
**Date:** 09/08/99  
**Re:** Southern Association of Colleges and Schools – October 10-14, 1999

---

The NCCCS will be hosting a visit of a team from the Commission on Colleges of the Southern Association of Colleges and Schools (SACS) on October 10-14, 1999. The purpose is to approve 38 of our colleges' distance learning programs through a joint substantive change visit. This is a major event for the NCCCS, and it is most important that our Internet connectivity be working across all colleges during the visit. Much of the work will be via e-mail and on the Internet.

I urge you to do all you can to assure that your LAN and Internet connectivity are operational October 10-14, e.g., do not schedule maintenance downtime or system upgrades during this period.

If you need more information on the specific plans, contact Dr. Janyth Fredrickson at the System Office at 919-733-7051. Dr. Fredrickson is coordinating the joint visit.
