FROM: J. Keith Brown

SUBJECT: Transfer Student Performance Report Clarification

On January 14 a series of Transfer Student Performance reports were mailed to you (NCCCS numbered memorandum CC00-013). This series of reports is an analysis of the performance of community college students who transfer to a UNC institution.

Among the documents you received was a memo from Dr. Gary Barnes containing information on the various reports. In the memo, Dr. Barnes refers to Report 1 as being a performance report on community college transfer students who enrolled in a UNC institution in 1997-98. The actual report, however, indicates that the data are for students who enrolled in 1998-99. After discussing the matter with Dr. Barnes, I have learned that his letter is in error; Report 1 is for those students who enrolled in 1998-99 at a UNC institution.

A copy of the 1997-98 report can be downloaded from UNC-GA's web site at http://www.ga.unc.edu/student_info/tsp.
