SUBJECT: Critical Success Factors (CSF): Institutional Data–Correction

Test results sent to the System Office for the Emergency Medical Technician (EMT) examination were incomplete. Examination results for curriculum students were omitted. The enclosed tables now include both the additional information from the Department of Human Resources and your corrections to date. The version of the table containing the asterisks (*) is as the data will appear in the CSF Report. As a reminder—

1. The data on the passing rates for EMT licensure exams are for the **calendar year** 1999.
3. The tables show passing rates for **first-time** test takers only.

Please review the attached data tables and send any corrections, **along with documentation to support the corrections**, to Keith Brown at the System Office, **by March 30**. If you have any questions regarding the data, please contact Keith Brown or Brenda Splawn.

Thank you for your cooperation in verifying the data.
