

MEMORANDUM

DATE: August 15, 2000

TO: President
Chief Academic Officer
Chief Student Development Officer
College Tech Prep Contact

FROM: Stephen L. Athans
Associate Director for College Tech Prep
NCCCS

SUBJECT: North Carolina High School-to-Community College Articulation Agreement

Please find enclosed a copy (ies) of the North Carolina High School-to-Community College Articulation Agreement. This represents nearly two years of effort by hundreds of secondary and postsecondary instructors, counselors and administrators from across the state. North Carolina is one of the first states in the country to endorse such an agreement and certainly it is the most comprehensive.

We will distribute twelve (12) copies of the Agreement to each college in the following manner:

Presidents-1 each
Chief Academic Officers-5 each
Chief Student Development Services Officers-5 each
College Tech Prep Contacts-1 each

An additional 3,000 copies will be available and given to each participant at the 2000 Instructors Conference on October 8-10, 2000, in Greensboro, NC. The Department of Public Instruction will be distributing copies to the public schools via their internal distribution system.

We hope this document will be helpful as your college works with Tech Prep students who are eligible for articulated credit. Questions may be directed to me at 919-733-7051 or athanss@ncccs.cc.nc.us

Thank you.
