MEMORANDUM

TO: Vice Presidents/Deans of Student Development
Placement Testing Coordinators

FROM: Karen Yerby
Associate Director, Student Development Services

SUBJECT: DPI VoCATs testing

This is to remind you that the time to test the high school VoCATs completers is approaching very quickly. You may want to contact the workforce development staff at your local high schools, if you have not already done so, to begin coordinating this project.

The final draft of the ACCUPLACER Manual and the third draft of the ASSET Manual are now online and can be downloaded from the NCCCS website at http://www.ncccs.cc.nc.us/Stu_Dev_Services/Student_Dev.htm. Or you can go to the NCCCS webpage at www.ncccs.cc.nc.us, and click Students/Potential Students, and then click on Student Development Services. The information containing the links to the manuals are in the last "bullet" on that page.

Please feel free to contact me if you have additional questions regarding this matter.
