MEMORANDUM

TO: Childcare Grant Coordinators

FROM: Karen Yerby
Associate Director, Student Development Services

SUBJECT: Childcare Reallocations

Thank you for replying to the System Office request concerning projected unexpended childcare monies. From the information gathered by your replies, it is very obvious that our community college students continue to have critical needs for childcare assistance. In a year of strained fiscal budgets, it appears that our Colleges are planning to expend nearly all of their childcare funds. Due to the continuing state budget difficulties, any unexpended funds will revert to the state treasury and will not be reallocated as in past years. The System Office realizes the hardship and difficulty this places on you and the students you serve, and we sincerely regret that we are unable to assist you with additional funds.

Please continue to aggressively pursue additional financial assistance for these students from any alternative federal or local funding agencies.
