

NORTH CAROLINA COMMUNITY COLLEGE SYSTEM
H. Martin Lancaster, President

January 21, 2004

MEMORANDUM

RESPONSE DEADLINE:
February 27, 2004

TO: Curriculum Advisory Committee Members

FROM: H. Martin Lancaster
North Carolina Community College System

SUBJECT: Survey

In recent years the North Carolina Community College System has experienced declining enrollments in traditional vocational programs. These programs are the foundation on which our system is built and provide training in areas that are critical for our State's economic development. In too many instances, colleges are eliminating vocational programs due to low enrollment.

In 2002 a statewide committee was established to address low enrollments in the traditional vocational programs. The committee is comprised of vocational instructors, instructional administrators, and private sector representatives. The committee seeks to identify **suggestions, ideas, practices, etc.** that you, as an advisory committee member, may have regarding vocational program recruitment/enrollment/retention. Surveys have been developed by the committee to be sent to public relations officers and vocational instructors at each community college and other industrial representatives regarding program-specific initiatives. Your input is critical.

North Carolina Community College System
Vocational Program Survey
Curriculum Advisory Committee Members

Please offer **suggestions, ideas, practices, etc.** that you, as an advisory committee member, have regarding vocational program recruitment/enrollment/retention. Similar surveys are being sent to public relations officers and vocational instructors at each community college and , other industrial representatives regarding program-specific initiatives. Your input is critical. Thank you.

For what program do you serve as an advisory committee member?

What is the current demand in your field for graduates of this program?

_____ no demand _____ low _____ moderate _____ high

Indicate what you feel the demand for program graduates will be in the future:

3 years	_____ increase	_____ about the same	_____ decrease
5 years	_____ increase	_____ about the same	_____ decrease
10 years	_____ increase	_____ about the same	_____ decrease
15 years	_____ increase	_____ about the same	_____ decrease

What do you feel is the key component regarding recruiting/retaining students in this program and what do you think is needed/can be done/etc. to enhance this?

From your perspective as an advisory committee member, please share other suggestions, ideas, practices that you feel would have a positive impact on recruiting students and keeping them in this program.

What changes do you see in this field in the near future and what impact will these changes have on the training currently being offered?

Please include any other concerns, questions, ideas, etc. you have regarding this program.
