MEMORANDUM

TO: Presidents
Chief Academic Officers
Distance Learning Administrators

FROM: Darryl McGraw, Associate Vice President
Instructional Development and Technology

SUBJECT: Distance Learning Interest Survey

You may or may not be aware that there are very few distance learning opportunities for community college students to complete a bachelor's degree online. We have received numerous student inquiries about 2+2 programs and other types of transfer programs. It is in response to this interest that our colleagues at North Carolina State University are considering the establishment of a BA in Liberal Arts and Sciences with a concentration on Leadership in the Public Sector as a degree completion program available entirely through distance education.

The purpose of this memo is to request your help in distributing an interest survey to those who may be potential applicants for admission to this complete undergraduate degree program through distance learning. With sufficient feedback from this survey they will use the data to make program decisions for establishing this degree. Link to the interest survey is: <http://delta.ncsu.edu/mso/clients/chass/ugradsurvey-complete.html>

If you have any questions, please feel free to contact Mr. Scott Cason at North Carolina State University. His phone number is (919) 513-3793.
