

MEMORANDUM

TO: Associate Degree Nursing Program Directors
Practical Nursing Program Directors

FROM: Judith C. Mann
Associate Director of Programs
Health Science Coordinator

RE: PNE Exit Point and RN applicants taking NCLEX-PN

DATE: August 16, 1999

The North Carolina Board of Nursing Education Committee met 8/12/99. Much discussion centered around the PNE exit point and the opportunity for a graduate who is not successful on the NCLEX-RN to take the NCLEX-PN. A recommendation will be taken to the September NCBON meeting to eliminate the opportunity for the graduate who does not pass the NCLEX-RN to take the NCLEX-PN. The issue of the PNE exit point will go back to the Education Committee and Consultants for more data collection and study.

The System Office needs your input:

1) PNE Exit Point? YES NO

Comments:

2) Allowing the graduate who is unsuccessful on NCLEX-RN to take NCLEX-PN? YES NO

Comments:
