MEMORANDUM

To: Developmental Education Acceleration/Retention Mini-Grant Recipients

From: Edith Lang, Program Coordinator
Math/Science and Developmental Education

Subject: Mini-Grant Final Report

It is now time for me to compile the final report for the Developmental Education Acceleration/Retention Project funded from the 1999-2000 State Board Reserve Fund. Please send me your final report indicating the lessons learned (both positive and negative), outcomes and results (both intentional and unintentional), planning and implementation timetable, and any other summary information that would assist other colleges in implementing a similar project.

The System Office business office has provided me with information on costs that were paid from grant funds. If your project had costs not reimbursed by grant funds, please include this information in your report, listed by category and cost.

As agreed upon in the Grant Award Form, this report is due no later than August 31, 2000. If I can be of assistance to you in compiling your report, please feel free to contact me at 919-733-7051, etc. 431 or lange@ncccs.cc.nc.us.

Thank you for assuming this added responsibility of testing innovative methods for delivering developmental education. The information from your experience will be used to guide other colleges in their endeavors to improve developmental education on their campuses.
