H. Martin Lancaster, President

MEMORANDUM

TO: Selected Presidents
FROM: Parks Todd
DATE: January 4, 2001
SUBJECT: Application for Extension of ITFS Construction Permit

I apologize for the confusion regarding the signing of the application for extension of the ITFS construction permits. In fact, we have had conflicting advice.

Robert Rini, the attorney representing us, has worked with Robyn Nietert, WONC's attorney, on the latest version of the document to be sent to the FCC. **He has given us the "go-ahead" to sign and return the application to Brown, Nietert, and Kaufman.**

If you have not signed and returned the document, please do so.
