

NORTH CAROLINA COMMUNITY COLLEGE SYSTEM
H. Martin Lancaster, President

March 22, 2001

RESPONSE DEADLINE: March 27, 2001

MEMORANDUM

TO: Selected Community College Presidents
Selected Chief Academic Officers

FROM: Ray Harrington, Program Coordinator
Academic and Student Services

SUBJECT: Revision of NUT 110

The System Office has received several requests to revise the number of contact hours associated with NUT 110 (Nutrition) in the Common Course Library (CCL). This course covers the basics of principles of Nutrition and their relationship to human health. As an outcome of the Culinary and Hotel & Restaurant Faculty Meetings held at the Instructors Conference in Greensboro, October 2000, it was recommended that there is a need for a separate nutrition class for foodservice and a nutrition class for the health professions. This current class, while written by culinary instructors, would better serve the health profession requirements if the last sentence were changed to reflect its concentration. A separate nutrition course for foodservice, CUL 112, would then be written to address that concentration.

Our records indicate that your college includes NUT 110 (Nutrition) in one or more of your programs. Please review the proposed revisions to NUT 110. Complete the Course Revision Form with the proper signatures and return by **Tuesday, March 27, 2001**.

All forms should be completed and mailed back to Ray Harrington. **NO FAXES PLEASE.** If you have questions, please call Ray at 919-733-7051, Ext. 428, or send an e-mail to harringtonr@ncccs.cc.nc.us. You may also contact Mary Evans at Ext. 434, or e-mail her at evansm@ncccs.cc.nc.us.
