MEMORANDUM

TO: Childcare Grant Advisory Committee

FROM: Karen Yerby
Associate Director, Student Development Services

SUBJECT: Advisory Committee

Thank you for volunteering to help establish and serve on an advisory committee for the North Carolina Childcare Grant. I hope through the efforts of this committee we can explore and recommend policies and training possibilities. With the funding needs for childcare greater than ever, it is imperative that we investigate best practices to share with colleagues across the state.

Because of travel restrictions, graduations and summer school registrations, we should wait until July to meet. Please look at your calendars during the second and third weeks in July and contact me with possible dates no later than May 11th. I will look at all the dates submitted and choose the most opportune time.

Again, thank you for your interest and I look forward to working with each of you. You can contact me at yerbyk@ncccs.cc.nc.us or by phone at 919-733-7051 ext. 462.
