RESPONSE DEADLINE: August 10, 2005

MEMORANDUM

TO: Criminal Justice School Directors
FROM: Ray Harrington
SUBJECT: Reading Scores

The North Carolina Community College System Office is working with the Planning and Standards Committee of the Criminal Justice Commission on identifying the appropriate reading level for students entering BLET courses. We need approximately 400 student records for the database on which the decision will be based.

The student records need to be for students enrolled since the implementation of BLET 2000. Please forward to me by August 10, 2005, the following information for as many students as possible:

Student reading score by grade level
Student grade for the class
Student's scores on the six parts of the BLET Exam

We also need you to indicate the name of the reading test you are using and whether the course was taught in curriculum or continuing education. If you have questions, you may contact me at 919-807-7117 or harringtonl@nccommunitycolleges.edu or the Program Coordinator for Developmental Education, Edith Lang, at 919-807-7119 or lange@nccommunitycolleges.edu.

Thank you for your assistance.
