

NORTH CAROLINA COMMUNITY COLLEGE SYSTEM
H. Martin Lancaster, President

February 14, 2006

Memorandum

To: Select Presidents
Select Chief Academic Officers

From: Delores A. Parker
Vice-President
Academic and Student Services

Subject: Request from General Assembly for Information on
Global Education Initiatives at the Community Colleges

On January 26, 2006, Ken Whitehurst sent out a request for information on global education initiatives on your campus (CC06-019). Members of the General Assembly had asked for updated information on what is being done at the community colleges to enhance the global education of our students. Forty-six of our colleges responded and are now included in the report.

I would like to have input from each college on what you are doing and what you should be doing to further enhance the exposure of our students to global issues. Since your college was one of the twelve not responding, I am requesting that you complete and return the attached worksheet via e-mail to Pauline Kury at kurryp@nccommunitycolleges.edu by February 24, 2006, so that we may include your data in the report. Please include a response to the question of "what you should be doing" even if you do not have an active global education initiative at this time. When this process is complete a copy of the final report will be sent to each of you.

As always, we appreciate your efforts to respond to this request in a timely manner.
