Audit Findings for Randolph Community College Spring Semester 2007 - Spring Semester 2008

An audit was conducted at Randolph Community College by the System Office Audit Services staff on the maintenance of records and the reporting of student membership hours as well as certain college procedures for Spring Semester 2007 through Spring Semester 2008.

The scope of the audit included a pre-audit review of selected records pulled from the Institution Class Reports (ICR), programs, policies, and procedures for the period covered by the audit. Based on the pre-audit review, certain class reports were identified for further study. The following audit tests were conducted regarding the ICRs: (1) a statistically valid sample of attendance records and supporting documentation for student membership hour reporting was reviewed; (2) student registration and student receipt information were reviewed for selected programs; (3) college personnel were interviewed regarding student reporting; (4) certain college reporting procedures and practices were reviewed to assure compliance with the North Carolina Administrative Code; (5) selected program classification reviews and class visits were conducted; and (6) the college's accountability and credibility plan was reviewed.

Class visits are conducted on a random basis during the period of review but may be conducted at other times if necessary. If concerns are noted which result from these visits, the college will be notified. Program reviews/class visits conducted for the current fiscal year to date are listed in the Attachment.

Based on the site review, no audit exceptions or areas of concern were identified. The college personnel responsible for adherence to NC General Statutes and the North Carolina Administrative Code as well as State Board of Community Colleges requirements and the maintenance of both curriculum and continuing education records should be commended for the accuracy and order of their record keeping systems.

The cooperation of the president and staff during the course of the audit was appreciated.
