

STATE BOARD OF COMMUNITY COLLEGES

Calendar Waiver for Sampson Community College

Sampson Community College (SCC) is requesting approval of a deviation to the Spring 2010 calendar to permit SCC to earn FTE thus supporting additional costs of the program. SCC is beginning an additional cohort of Basic Law Enforcement Training classes to accommodate students unable to complete the program at James Sprunt Community College (JSCC). In order for SCC to provide this accommodation, classes are anticipated to begin in May 2010 and end in August 2010. SCC offers the BLET program through curriculum. The majority of the program would occur during the summer term when curriculum hours cannot be claimed for FTE. SCC would incur additional expenses, especially as it relates to additional part-time faculty, with no remuneration from the state unless approval of a deviation from the Spring 2010 Calendar is given. Specifically, the deviation to the Spring 2010 calendar being requested is to allow SCC to report all hours for the course in the Spring 2010 Institutional Class Report.
