

**NORTH CAROLINA COMMUNITY COLLEGE SYSTEM
Request for Legislative Proposals - 2011-2013 Long Session**

Proposal Title:

Issue: Describe the issue/problem for which a solution is sought.

Impact on Stakeholders/Other Agencies: Identify any stakeholders or state agencies that may be impacted by the proposal. Have these stakeholders/agencies been consulted? Is there support among the stakeholders/agencies for the proposal?

Statutory Changes Required: If changes to the North Carolina General Statutes are required, cite all applicable statutes that require modification.

Recommended Language: Insert the recommended language you are proposing here, including any new language or deletion of existing language that may be required:

Fiscal Impact: Does this proposal have an impact (positively or negatively) on General Fund appropriations or revenues? Does this proposal require additional personnel or modifications to existing technology in order to implement? If so (to either question), quantify below:

Impact on North Carolina Administrative Code: Does this proposal require that the State Board of Community Colleges adopt or modify rules for implementation?

Effective Date: Identify the recommended effective date for the proposed legislation.

Is there any additional information/data not captured above that assists in making the argument for this proposal? Insert any other comments/concerns here:
