

Performance Measures Committee

Subgroups

1. Basic Skills, Developmental Education, Student Access, College Ready
2. First time Curriculum Enrollment, Student Goals (degree-seeking or a few courses), Retention, Academic Success (including High School students)
3. Occupational Continuing Education, Customized Training, Continuing Education certification, Job Success
4. Graduation, University Transfer, Employment in Related Field, Graduate/Employer satisfaction

Actions

Bill Schneider will place current Performance Measures into the four groups, and then suggest measures from other system models for consideration.

Subgroups will discuss groupings of measures, possible merging and other topics, and shared areas (e.g. employment). They will also field test measures to consider uniform retrieval of results. Long-term evaluation of the measures must also be proposed, as the current Performance Measures were to be reviewed regularly.

Subgroup work should be concluded in May. Rough draft of measures to be presented at Summer Presidents' meeting in July.
