

CURRICULUM STANDARD REVISION

**Coastal Carolina Community College
Medical Laboratory Technology (A45420)**

Coastal Carolina Community College is seeking approval to revise the Medical Laboratory Technology (A45420) curriculum standard, effective Summer 2011.

The proposed revision follows:

- Revise the curriculum description to incorporate the organization (The American Society for Clinical Pathology Board of Certification) that currently administers the examination for certification for the medical laboratory technician.

Rationale of Requesting College: Effective October 2009, the ASCP Board of Registry and the National Credentialing Agency merged into one entity titled The American Society for Clinical Pathology (ASCP) Board of Certification. The ASCP Board of Certification administers the national certification exam.

Fifteen colleges are approved to offer the program. The voting results follow:

10 colleges recommend the revision
5 colleges did not respond

Coordinator: Ms. Renee Batts, Allied Health Programs
