

CURRICULUM STANDARD REVISION

**Guilford Technical Community College
Entertainment Technologies (A25190)**

Guilford Technical Community College is seeking approval to revise the Entertainment Technologies (A25190) curriculum standard, effective Fall 2011.

The proposed revisions follow:

- Remove COE 111 (Cooperative Work Experience I) and COE 115 (Work Experience Seminar I) from the core of the Entertainment Technologies (A25190) curriculum standard
- Change the number of Semester Hour Credit (SHC) from 25 SHC to 23 SHC.

Rationale of Requesting College: Cooperative Education (COE) is not essential for the program. Colleges have the option to include COE under other major hours.

Guilford Technical Community College is the only college approved to offer this program.

Coordinator: Dr. Hilmi Lahoud, Business Technologies
