

STATE BOARD OF COMMUNITY COLLEGES

Ratification of Title 23 of the North Carolina Administrative Code

Request:

The System Office recommends that the State Board of Community Colleges ratifies all rules currently in Title 23 of the North Carolina Administrative Code until the State Board of Community Colleges adopts its own administrative procedures process.

Background:

Sections 8.18.(b) and 8.18.(b1) of Session Law 2011-145 exempts the State Board of Community Colleges from the Administrative Procedures Act (Rule-making process). To ensure that the rules applicable to the North Carolina Community College System remain in place pending the adoption of the State Board of Community Colleges' process for adopting rules, the State Board of Community Colleges should ratify the rules that are currently in Title 23 of the North Carolina Administrative Code.
