SUBJECT: **Learn and Earn Online (LEO) Summer 2008 Courses**

Pursuant to numbered memo CC08-100, dated May 2, 2008, colleges may, working through their LSAUs and high schools, register high school students for LEO classes for the summer 2008, if they so choose.

Qualified students in participating high schools are able to take a variety of online college-credit courses at no cost to them or to their families. Students earn both high school and college credit for completed courses.

Summer 2008 is the first semester for which the LEO initiative has been in place for summer courses. As with previous semesters, the System Office needs to know what courses are deemed **Learn and Earn Online** courses; keeping in mind these courses will be offered to students in grades 9 – 12, I am **requesting summer 2008 courses**.

Also, please send fall 2008 courses if you have not done so. Be sure to specify which semester the courses are to be offered. All courses will be posted to the webpage as soon as received.

I have included a form for your convenience. **Please email the form to Antonio Jordan, jordana@nccommunitycolleges.edu by May 16.** If you have questions, feel free to contact me at 919/807-7133.
