**Curriculum Description**

The Medical Sonography curriculum provides knowledge and clinical skills in the application of high frequency sound waves to image internal body structures.

Course work includes physics, cross-sectional anatomy, abdominal, introductory vascular, and obstetrical/gynecological sonography. Competencies are attained in identification of normal anatomy and pathological processes, use of equipment, fetal growth and development, integration of related imaging, and patient interaction skills.

Graduates of accredited programs may be eligible to take examinations in ultrasound physics and instrumentation and specialty examinations administered by the American Registry of Diagnostic Medical Sonographers and find employment in clinics, physicians’ offices, mobile services, hospitals, and educational institutions.

**Curriculum Requirements**

*for associate degree, diploma, and certificate programs in accordance with 1D SBCCC 400.97 (3)]

I. **General Education.** Degree programs must contain a minimum of 15 semester hours including at least one course from each of the following areas: humanities/fine arts, social/behavioral sciences, and natural sciences/mathematics. Degree programs must contain a minimum of 6 semester hours of communications. Diploma programs must contain a minimum of 6 semester hours of general education; 3 semester hours must be in communications. General education is optional in certificate programs.

II. **Major Hours.** AAS, diploma, and certificate programs must include courses which offer specific job knowledge and skills. Work-based learning may be included in associate in applied science degrees up to a maximum of 8 semester hours of credit; in diploma programs up to a maximum of 4 semester hours of credit; and in certificate programs up to a maximum of 2 semester hours of credit. *(See second page for additional information.)*

III. **Other Required Hours.** A college may include courses to meet graduation or local employer requirements in a certificate, diploma, or associate in applied science program. These curriculum courses shall be selected from the Combined Course Library and must be approved by the System Office prior to implementation. Restricted, unique, or free elective courses may not be included as other required hours.

*Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic use of computers.*
## Major Hours

[ref. 1D SBCCC 400.97 (3)]

A. **Core.** The subject/course core is comprised of subject areas and/or specific courses which are required for each curriculum program. A diploma program offered under an approved AAS program standard or a certificate which is the highest credential level awarded under an approved AAS program standard must include a minimum of 12 semester hours credit derived from the subject/course core of the AAS program.

B. **Concentration (if applicable).** A concentration of study must include a minimum of 12 semester hours credit from required subjects and/or courses. The majority of the course credit hours are unique to the concentration. The required subjects and/or courses that make up the concentration of study are in addition to the required subject/course core.

C. **Other Major Hours.** Other major hours must be selected from prefixes listed on the curriculum standard. A maximum of 9 semester hours of credit may be selected from any prefix listed, with the exception of prefixes listed in the core or concentration. Work-based learning may be included in associate in applied science degrees up to a maximum of 8 semester hours of credit; in diploma programs up to a maximum of 4 semester hours of credit; and in certificate programs up to a maximum of 2 semester hours of credit.

**Required Courses:**

- SON 110  Introduction to Sonography  3 SHC
- SON 111  Sonographic Physics  4 SHC
- SON 120  SON Clinical Education I  5 SCH
- SON 121  SON Clinical Education II  5 SCH
- SON 130  Abdominal Sonography I  3 SHC
- SON 131  Abdominal Sonography II  2 SHC
- SON 135  Abdominal Sonography III  2 SHC
- SON 140  Gynecologic Sonography  2 SHC
- SON 220  SON Clinical Education III  8 SHC
- SON 221  SON Clinical Education IV  8 SHC
- SON 225  Case Studies  1 SHC
- SON 241  Obstetrical Sonography I  2 SHC
- SON 242  Obstetrical Sonography II  2 SHC
- SON 250  Vascular Sonography  2 SHC
- SON 289  Sonographic Topics  2 SHC

**Required Subject Areas:**

Anatomy and Physiology. **Select one:**

- BIO 163  Basic Anatomy & Physiology  5 SHC
- BIO 166  Anatomy and Physiology II  4 SHC
- BIO 169  Anatomy and Physiology II  4 SHC

B. **CONCENTRATION (Not applicable)**

C. **OTHER MAJOR HOURS**

To be selected from the following prefixes:

- BIO, BUS, CHM, CIS, CSC, CVS, ECO, HEA, HSC, MAT, PHS, PHY, SON, and WBL

Up to two semester hour credits may be selected from ACA.

Up to three semester hour credits may be selected from the following prefixes:  ARA, ASL, CHI, FRE, GER, ITA, JPN, LAT, POR, RUS and SPA.
