## **Authorization**

Article 8, §115D of the North Carolina General Statutes authorizes the State Board of Community Colleges to license and regulate proprietary schools, upon the recommendation of the State Board of Proprietary Schools. Prospective schools must meet the requirements for licensure contained in Article 8, and once licensed, they are required to maintain compliance with the provisions of Article 8 and Title 2 of the State Board of Community Colleges Code.

This *Guidelines and Regulations Manual* contains copies of Article 8 and the applicable portions of Title 2, as well as specific curriculum requirements for all licensed programs. Please contact the Office of Proprietary Schools should you have specific questions regarding licensure that are not addressed by this Manual.

## **Overview of Licensing Process**

### **I. Preliminary Application**

An applicant submits a Preliminary Application to the Office of Proprietary Schools. The Office of Proprietary Schools reviews the *Preliminary Application* in accordance with the provisions of Article 8, Chapter 115D of the North Carolina General Statutes to determine whether the applicant should continue in the licensure process.

### **II. Initial License Application**

An applicant advised to continue in the licensing process will then submit an *Initial License Application*. The *License Application Packet* can be downloaded at: <http://www.nccommunitycolleges.edu/proprietary-schools>. The Office of Proprietary Schools reviews the Initial Application for compliance with Article 8. This process may take between three and six months, and may require supplemental documentation and/or corrections.

### **III. Presentation to the State Board of Proprietary Schools**

The License Application is submitted to the North Carolina State Board of Proprietary Schools for consideration. The Proprietary Board meets at least four (4) times during the calendar year: February, May, August and November. The Proprietary Board determines whether the proposed curriculum is of a grade equal to that prescribed for similar public schools and educational institutions of the State and which have met the standards set forth by the Board, including but not limited to course offerings, adequate facilities, financial stability, competent personnel and legitimate operating practices.

### **IV. Presentation to the State Board of Community Colleges**

If the Proprietary Board finds that the submission meets the licensing requirements set forth in Article 8, it will recommend the school to the State Board of Community Colleges for initial licensing. The Community College Board meets at least ten (10) times during the calendar year. The Community College Board considers the submission and recommendation from the Board of Proprietary Schools to determine whether a proprietary license should be issued to the school. If approved by the

Community College Board, the Office of Proprietary Schools issues a proprietary license to the school's director and publishes the school in the Directory of Proprietary Schools.

#### **V. Renewals, Audits and School Sales**

Proprietary schools must apply for license renewal annually. License Renewal Packets are available online, and must be submitted to the Office of Proprietary Schools by March 15<sup>th</sup> in order to be licensed for the next fiscal year (July1-June30).

All licensed proprietary schools are subject to a program audit. The Office of Proprietary Schools may conduct additional special audits as necessary to help assure compliance with Article 8 and Title 2 of the State Board of Community Colleges Code.

Proprietary school licenses are not transferable. If a school experiences a change in ownership, the new owner must apply for a new proprietary school license.

### **Licensing Fees**

Three fees are a condition of licensure:

- 1. License Fee** - For an initial license, a certified check or money order in the amount of three thousand dollars (\$3,000) plus \$50 per program requested for licensure, made payable to the North Carolina State Treasurer. Thereafter, the annual renewal license fee is \$1,500 plus \$50 per licensed program submitted for renewal.
- 2. Student Protection Fund Assessment** – For initial licensure, a certified check or money order in the amount of one thousand, two hundred fifty dollars (\$1,250) made payable to the North Carolina State Treasurer is required. Thereafter, the annual Student Protection Fund Assessment is based on gross tuition revenue as defined in N.C.G.S. §115D-95.1.
- 3. Bond** - All schools are required to obtain a guarantee insurance bond. The bond covers the potential loss of prepaid tuition and other payments made by students by reason of their school ceasing to operate for any reason, including the suspension, revocation, or nonrenewal of a school's license, bankruptcy, or foreclosure. The minimum bond coverage must be \$25,000. The cost of the bond varies depending on the insurance provider selected.

## **CURRICULUM GUIDELINES AND REGULATIONS**

In an effort to communicate clearly, provide guidance, and ensure compliance with the current state statutes, the North Carolina Community College System provides the following guidelines regarding curriculum requirements for diploma and certificate programs in North Carolina Proprietary Schools. Programs where the curriculum is

mandated by other licensing boards, such as Nurse Aide I (NA I), are exempt from these guidelines.

### **Curriculum Requirements**

**I. General Education** - Diploma programs must contain a minimum of 6 semester hours of general education; 3 semester hours must be in communications. General education is optional in certificate programs. General Education includes study in the areas of humanities and fine arts, social and behavioral sciences, natural sciences and mathematics, and English composition. General education course prefixes should reflect these areas of study.

**II. Major Hours** - Diploma, and certificate programs must include courses that offer specific job knowledge and skills. Work experience, including cooperative education, practicums, and internships, may be included in a diploma program up to a maximum of 4 semester hours and in a certificate program up to a maximum of 2 semester hours.

**III. Other Required Hours** - A college may require other subjects or courses to complete graduation requirements. These requirements may include electives, orientation, study skills courses, or other graduation requirements.

### **Definitions of Credit Hours**

Credit Hours:

(a) Credit of one semester hour is awarded for each 16 hours of "class work." Class work is lecture and other classroom instruction. Class work is under the supervision of an instructor.

(b) Credit of one semester hour is awarded for each 32 hours of "experiential laboratory work." Experiential laboratory work means instruction given to a student by an instructor to increase the student's knowledge and skills without immediate student application.

(c) Credit of one semester hour is awarded for each 48 hours of "faculty directed laboratory work." Faculty directed laboratory involves structured and coordinated demonstration by an instructor with immediate student application.

(d) Credit of one semester hour is awarded for each 48 hours of "clinical practice." Clinical practice is a structured, faculty-directed learning experience in a health sciences program which develops job proficiency. Clinical practice requires significant preparation, coordination, and scheduling by the faculty and is under the supervision of an instructor or preceptor who is qualified for the particular program.

(e) Credit of one semester hour is awarded for each 160 hours of "work experience" such as cooperative education, practicums, and internships. Work experience involves the development of job skills by providing the student with employment that is directly related to, and coordinated with, the educational program. Student activity in work experience is planned and coordinated by a college representative, and the employer is responsible for the control and supervision of the student on the job.

**The following regulations should also be considered when developing the Curriculum Design and Implementation Plan:**

1. A school licensed under G.S. 115D, Article 8, shall limit its offering in certificate, diploma and degree courses and special subjects to the courses and subjects for which it has been licensed to offer (*degree programs are licensed by the University of North Carolina Board of Governors*). At the beginning of each quarter, each school shall post the schedule of subjects being offered during the quarter. This schedule will show the time and teacher for each subject and designate the room in which the subject will be taught. Each student shall be given a written schedule of classes at the beginning of each quarter to show the student's individual schedule.
2. Schools shall not publish in their catalogues courses which they have not been licensed to offer. When a school is licensed to offer a course and enrolls students in the course, the school shall maintain sufficient and qualified faculty to teach all subjects required for completing the course during the time stipulated in the school's bulletin as the required time to complete the course and shall schedule classes so that the students will be able to receive instruction in all subjects for the number of instructional hours as advertised in the school's bulletin under which the students enrolled. When a school previously licensed to offer a course fails to maintain the qualifications for

- continuing the course, the course shall be removed from the catalogue or stamped “not offered.”
3. The number of curricula offered by a school shall be realistic in relationship to faculty and student enrollment. As a general rule, the number of curricula offered shall not exceed the number of faculty employed on a full-time basis.
  4. The school shall arrange its calendar one calendar year in advance and give full information to prospective and enrolled students about holidays; beginning and ending dates of each quarter, term or semester; and other important dates.
  5. Schools may measure instruction on a clock-hour or credit hour basis. The catalogue shall provide a clear definition of the method used. The school catalogue must show the number of clock hours or credit hours for each subject offered and the minimum clock hours or credit hours a student must carry for full-time enrollment. Courses offered on a credit hour basis must show class hours, laboratory hours, and credit hours.
  6. The ratio between student and instructor shall be reasonable at all times and in keeping with generally accepted delivery modes, including technology and course content.
  7. Class period shall be a minimum of 50 minutes net instruction.
  8. Certificates, diplomas and degrees shall be issued only upon completion of a standard diploma or degree course.
  9. Students enrolled in diploma or degree programs shall not be enrolled except at the beginning of each quarter or term.

### **Changing or Adding Programs; Faculty Approvals**

Licenses are restricted to the programs and faculty specifically indicated in the licensure application. Supplementary application is required for approval of program changes or additions, and for new faculty hires. Administrators should use the forms posted on the Office of Proprietary Schools webpage:  
<http://www.nccommunitycolleges.edu/proprietary-schools>.

- (4) That the applicant for or holder of such a license has perpetrated or committed fraud or deceit in advertising the school or in presenting to the prospective students written or oral information relating to the school, to employment opportunities, or to opportunities for enrollment in other institutions upon completion of the instruction offered in the school.
- (5) That the applicant or licensee has pleaded guilty, entered a plea of nolo contendere or has been found guilty of a crime involving moral turpitude by a judge or jury in any state or federal court.

**§ 115D-94: Repealed by Session Laws 1983 (Regular Session, 1984), c. 995, s. 17.**

**§ 115D-95. Bonds required.**

(a) Requirement. - An applicant for a license must comply with the bond requirements in this section. The bond covers the potential loss by students of the school of prepaid tuition and other payments made by them to a school licensed under this Article by reason of the school ceasing to operate for any reason, including the suspension, revocation, or nonrenewal of a school's license, bankruptcy, or foreclosure.

(b) Amount. - An applicant for a license must file a bond with the North Carolina State Board of Community Colleges executed by the applicant as a principal and by a bonding company authorized to do business in this State. The bond must be payable to the State Board of Community Colleges, must be conditioned on fulfillment of the school's obligations, and must remain in effect until cancelled by the bonding company. The bonding company may cancel the bond upon 30 days' notice to the State Board of Community Colleges.

The application must set out calculations made by the applicant to determine the amount of bond required with the application. The required amount is determined as follows:

- (1) Initial licensure. - For an applicant for initial licensure of a school, the bond amount is the amount determined by the State Board that is adequate to provide indemnification to any student, or the student's parent or guardian who has suffered a loss of tuition, fees, or any other instructional-related expenses paid to the school. A bond amount shall be at least twenty-five thousand dollars (\$25,000).
- (2) First four renewals. - For a school that has been licensed for one year but less than six years, the bond shall be in an amount equal to the greatest amount of unearned paid tuition in the school's possession at anytime during the prior fiscal year. The bond amount shall be evaluated by the school quarterly and reported to the State Board or its representative. A quarterly evaluation requiring an increase of five percent (5%) or more in the amount of the bond held by the school shall require an immediate increase in the bond amount. Bond amounts also shall be evaluated pursuant to this subdivision and the rules of the State Board of Community Colleges and State Board of

Proprietary Schools at the time of the school's annual license renewal and increased if necessary regardless of the amount of the change.

(3) Schools in operation more than five years. - A guaranty bond shall be required for license renewal for a school that has been continuously licensed to operate for more than five years in the State, as follows:

a. If the balance of the Student Protection Fund in G.S. 115D-95.1 is below the catastrophic loss amount, the school shall file a guaranty bond in an amount equal to the maximum amount of prepaid tuition held by the school during the prior fiscal year multiplied by the percentage amount the fund is deficient.

b. If the school held prepaid tuition in excess of the Student Protection Fund catastrophic loss amount during the prior fiscal year, in addition to any bond amount required by sub-subdivision a. of this subdivision, the school shall file a guaranty bond for the difference between the prepaid tuition amount held in the previous fiscal year and the Fund catastrophic loss amount.

(c) An applicant that is unable to secure a bond may seek a waiver of the guaranty bond from the State Board of Community Colleges and approval of one of the guaranty bond alternatives set forth in this subsection. With the approval of the State Board, an applicant may obtain in lieu of a bond:

(1) An assignment of a savings account in an amount equal to the bond required (i) which is in a form acceptable to the State Board of Community Colleges; (ii) which is executed by the applicant; and (iii) which is executed by a state or federal savings and loan association, state bank, or national bank, that is doing business in North Carolina and whose accounts are insured by a federal depositors corporation; and (iv) for which access to the account in favor of the State of North Carolina is subject to the same conditions as for a bond in subsection (b) of this section.

(2) A certificate of deposit (i) which is executed by a state or federal savings and loan association, state bank, or national bank, which is doing business in North Carolina and whose accounts are insured by a federal depositors corporation; and (ii) which is either payable to the State of North Carolina, unrestrictively endorsed to the State Board of Community Colleges; in the case of a negotiable certificate of deposit, is unrestrictively endorsed to the State Board of Community Colleges; or in the case of a nonnegotiable certificate of deposit, is assigned to the State Board of Community Colleges in a form satisfactory to the State Board; and (iii) for which access to the certificate of deposit in favor of the State of North Carolina is subject to the same conditions as for a bond in subsection (b) of this section. (1955, c. 1372, art. 30, s. 5; 1957, c. 1000; 1961, c. 1175, s. 9; 1981, c. 423, s. 1; 1987, c. 442, ss. 1, 2; 1989 (Reg. Sess., 1990), c. 824, s. 1; 2009-562, s. 2; 2011-308, s. 8.)

**§ 115D-95.1. Student Protection Fund.**

(a) Definitions. - As used in this section:

- (1) "Catastrophic loss amount" means the amount of funds required to protect prepaid student tuition in case of a large-scale event that would draw against the Student Protection Fund. The amount is one million dollars (\$1,000,000).
- (2) "Fund cap amount" means the catastrophic loss amount plus a reserve amount. The amount is one million five hundred thousand dollars (\$1,500,000).

(b) Student Protection Fund. - The Student Protection Fund is established in the Department of State Treasurer as a statewide fee-supported fund. Interest accruing to the Fund is credited to the Fund. The State Board of Proprietary Schools administers the Fund. The purpose of the Fund is to compensate students enrolled in a proprietary school licensed under this Article who have suffered a loss of tuition, fees, or any other instructional-related expenses paid to the school by reason of the failure of the school to offer or complete student instruction, academic services, or other goods and services related to course enrollment if the school ceases to operate for any reason, including the suspension, revocation, or nonrenewal of a school's license, bankruptcy, or foreclosure.

(c) Student Protection Fund Advisory Committee. - The State Board of Proprietary Schools shall serve as the Student Protection Advisory Committee. The Committee shall advise the State Board of Community Colleges on matters related to the Fund, including, but not limited to, the adjustment of the catastrophic loss amount and Fund cap amount.

(d) Initial Payment. - Prior to its first year of operation in the State, each proprietary school shall pay an initial amount of one thousand two hundred fifty dollars (\$1,250) into the Fund.

(e) Annual Revenue Payment. - Each proprietary school operating in the State shall pay annually into the Fund an amount based on its annual gross tuition revenue generated in the State as follows:

Annual Gross Tuition Revenue	Amount of Assessment
\$1.00 - \$25,000	\$200.00
\$25,001 - \$50,000	\$250.00
\$50,001 - \$100,000	\$300.00
\$100,001 - \$200,000	\$400.00
\$200,001 - \$300,000	\$500.00
\$300,001 - \$400,000	\$600.00
\$400,001 - \$500,000	\$700.00
\$500,001 - \$750,000	\$1,000
\$750,001 - \$1,000,000	\$1,250
\$1,000,001 - \$1,500,000	\$1,500
\$1,500,001 - \$2,000,000	\$2,000
Greater than \$2,000,000	\$2,000 plus one-twentieth of one percent (.05%) of annual gross tuition revenue over \$2,000,000.

(f) Suspension of Payments. - If the Student Protection Fund balance is equal to or exceeds the Fund cap amount, the State Board of Proprietary Schools shall suspend payments into the Fund for schools that have been continuously licensed in the State for more than eight years. The State Board of Proprietary Schools shall require schools to resume payments into the Fund if the balance of the Fund is less than the catastrophic loss amount.

(g) Catastrophic Assessments. - If claims against the Student Protection Fund exceed the catastrophic loss amount, the State Board of Proprietary Schools may assess additional fees to the extent necessary to compensate students qualified for repayment under the Fund. The amount of the catastrophic assessment shall not exceed one-half of the amount of the annual revenue payment required by subsection (e) of this section. If the amount of the catastrophic assessment will be insufficient to cover qualified claims, the State Board shall develop a method of allocating funds among claims.

(h) Payment Required for Proprietary School Licensure. - The full and timely payment into the Fund pursuant to this section is a condition of licensure.

(i) Payments Nonrefundable. - No payment to the Student Protection Fund shall be refunded in the event that a school's license application is rejected or a school's license is suspended or revoked.

(j) Student Repayment. - A student, or the student's parent or guardian, who has suffered a loss of tuition, fees, or any other instructional-related expenses paid to a proprietary school licensed under this Article by reason of the school ceasing to operate for any reason, including the suspension, revocation, or nonrenewal of a school's license, bankruptcy, or foreclosure, may qualify for repayments under the Student Protection Fund. The State Board of Community Colleges first must issue repayment from the bonds issued under G.S. 115D-95. If the Student Protection Fund is insufficient to cover the qualified claims, the State Board must develop a method of allocating funds among claims.

(k) Rules. - The State Board of Proprietary Schools shall adopt rules for the implementation of this section. (2009-562, s. 4; 2011-308, s. 9.)

#### **§ 115D-96. Operating school without license or bond made misdemeanor.**
