Discussion concerning where to house information involved NC Net which is used by faculty and NC Access which is used by Student Services. It may be impacted by the NCCCS support/funding of NC Access moving forward.

Gilbert Umberger moved to approve the Constitution as discussed. Robbie McFarland seconded. Unanimously approved.

A motion to add a President-elect position was made by Derek Arnold, seconded by Kim Roper. The motion failed.
The committees met briefly to discuss questions to be included in a SLAB survey to be distributed to Student Life professionals at all NCCCS colleges. This would include all aspects of Student Life on each campus and not just the SGA Advisors. Areas could include: SGA, Ambassadors, Athletics, Clubs, etc.

Each committee brought their questions and question ideas together for discussion. These will be further refined and sent to Natasha. She will work with others to compile the survey questions. The timeline is to have a survey draft done in January.
