

**STATE BOARD OF COMMUNITY COLLEGES**  
**Curriculum Program Terminations As Approved by the System President**

**Information:** The System President has approved the terminations as listed below:

**Background:** 1D SBCCC 400.95(b) states the following: *The college shall terminate a curriculum program when there has been no enrollment for two years; a college may request an one-year extension of a curriculum program upon justification of the potential for employment opportunities and student enrollment.*

**Carteret Community College**

Practical Nursing (Diploma) (D45660)

**Rationale:** Low enrollment: The college noted a decline in the following areas: qualified applicants, enrollment, graduation/completion, and in-county job placement for graduates. A survey of local employers determined that job placement will continue to decline for practical nurses. The survey also indicated there is a higher than average growth rate in registered nurses and nurse aide positions. The college will increase their enrollment in their associate degree nursing and nurse aide programs to meet employer demand.

Termination Semester: **Fall 2018**

**Randolph Community College**

Facility Maintenance Technology (A50190)

**Rationale:** No enrollment for over two years: There was a lack of student interest for the curriculum degree program. The college can meet employment training needs through its continuing education department.

Termination Semester: **Fall 2017**

Health Care Technology (Certificate) (C45350)

**Rationale:** No enrollment for over two years: The college never offered the program through curriculum. The college offers courses through continuing education to meet community and workforce needs.

Termination Semester: **Fall 2017**

**Roanoke-Chowan Community College**

Health Care Technology (Certificate) (C45350)

**Rationale:** No enrollment for over two years: There was a lack of interest and no local workforce demand for this program. The college will offer related courses through continuing education or curriculum if there are any future community or workforce needs.

Termination Semester: **Fall 2017**
