CAREER AND COLLEGE PROMISE COLLEGE TRANSFER PATHWAY REVISIONS

The System Office is seeking approval to revise the following Pathways with an effective term of Spring 2015:

Career & College Promise Transfer Pathway Leading to the Associate in Arts (AA) (P1012C)
Career & College Promise Transfer Pathway Leading to the Associate in Science (AS) (P1042C)

The proposed revision follows:

Add an optional area of general education consisting of 0-8 hours of foreign language courses and accompanying labs.

This would increase the possible maximum number of hours of the AA Pathway from 33 to 41
This would increase the possible maximum number of hours of the AS Pathway from 35 to 43.

Rationale: The University of North Carolina has established Minimum Admission Requirements (MAR) and Minimum Course Requirements (MCR) for all students seeking admission to its member institutions. The following excerpt from the 2014 Comprehensive Articulation Agreement details how transfer students can meet the MAR and MCR at the universities.

A transfer student will also be considered to have satisfied (MAR) and (MCR) if he or she has:

1. received the Associate in Arts, the Associate in Science, the baccalaureate, or any higher degree, or
2. completed at least six (6) semester hours in degree-credit in each of the following subjects: English, mathematics, the natural sciences, and social/behavioral sciences, and (for students who graduate from high school in 2003-04 and beyond) a second language.

Adding a foreign language option to the Career and College Promise College Transfer Pathways will help students meet this requirement.

System Office Staff worked with the Programs Committee of the Presidents' Association to develop the proposed CCP CT Pathways.
