

CCR Monthly Email Update – December

Happy Holidays!

From the desk of the State Director:

As you close the semester or the end of the year, I would like to express my appreciation for your work to improve NC adult education students' success. We had many major changes in PY 2017-2018. And, we all know change brings opportunity and challenge. We have implemented new NRS reporting requirements, competed Title II funds per new WIOA legislation, developed a new funding allocation that is the same for all providers, and have new opportunities to partner with local Workforce Development Boards. Your commitment to students' success resulted in NC's exceeding the federal measures for the first time in many years. As Nelson Mandela stated, *“Education is the most powerful weapon which you can use to change the world.”*

This is your gift to NC adult education students.
