VOCATIONAL CODE Tracks federal and state non-formula expenditures across purposes							
LEDGER IDENTIFICATION 1 Asset 2 Liability 3 Fund Balance 4 Revenue 5 Expense							
OBJECT Structured code to identify the nature of assets, liabilities, fund balance, revenues and expenses							
UNIT Assigned by each college to support local college needs							

II. Fund Source Codes (Position 1)

The budget source identifies the approving authority for purposes of budgeting, as prescribed by G.S. 115D.

0. Institutional Fund

Funds that are acquired and controlled entirely by the local college, including loans, scholarships, endowments, trust and agency funds, auxiliary enterprises, student fees, and private and federal grants and contracts that are not processed through the System Office.

1. State Fund

Funds that are appropriated by the NC General Assembly and allotted to the colleges by the State Board of Community Colleges. Expenditures identified with this source code will conform to the items listed in [G.S. 115D-31](#). The only exception to this rule is certain grants and contracts which may be awarded to colleges on an individual basis, such as research grants, Title II special projects, construction grants, and other specific grants. Recipient colleges are notified of such exceptions, are classified as Institutional Funds at the time of allotment and are funded on a reimbursement basis.

2. County Fund

Funds that are appropriated to the college by the local tax-levying authority. Expenditures identified with this source code conform to the items listed in [G.S. 115D-32](#).

3. Unassigned

4. Unassigned

5. Accounts Receivable Clearing Fund

A self-balancing fund that contains internal colleague accrual revenue and accounts receivable transactions to separate them from daily cash basis transactions during the year. This clearing fund ensure that daily deposits and monthly revenue and expense reporting occurs on the cash basis, as required by the State of North Carolina. This fund is reclassified to the appropriate state, county and institutional revenue and accounts receivable accounts each year for accrual financial statement presentation purposes.

III. **NACUBO Codes (Position 2)**

The NACUBO code was established to allow each college to prepare financial statements in the format recommended by the National Association of College and University Business Officers and accepted by the American Institute of Certified Public Accountants. The codes in this position identify fund groups that have been defined by the NACUBO in the Financial Accounting and Reporting Manual for Higher Education, [Accounting \(nacubo.org\)](http://www.nacubo.org) and the AICPA in the Industry Audit Guide, [Audits of Colleges and Universities \[Accounting & Auditing \(aicpa.org\)\]](http://www.aicpa.org). Governmental Accounting Standards Board Statements [GASBS 34](http://www.gasbs.org) and [GASBS 35](http://www.gasbs.org) later changed public college and university financial statement format and presentation, but public colleges and universities still use the NACUBO code in daily processing.

1. **Current Unrestricted Funds**

Funds are used for regular operations in carrying out the primary educational objective of the college and those other activities that are necessary to support this primary objective. These funds are available to the college for current operating purposes without stipulation or conditions imposed by an outside agency. Included in this definition are curriculum and non-curriculum instruction, general administration and college support, library and learning resource operations, student services, plant operations and maintenance, and student aid. State funds allotted by the State Board of Community Colleges and other funds appropriated by the local tax-levying authority for current operations are considered current unrestricted.

2. **Current Restricted Funds**

Funds are used for regular current operations, but their use has been limited or stipulated by some agency or person outside of the college and its governing board. Federal, state, local and private grants made for specific and limited operating purposes are included in this group.

3. **Unassigned**

4. **Unassigned**

5. **Proprietary**

Funds are used for the sales of merchandise and the rendering of services by activities performed in addition to the primary educational objective of the college, including auxiliary enterprises, Student Government Association, and internal service funds.

6. **Loan Funds**

Funds consist of loans, the resources available for making loans, and all revenues and expenses associated with loans, made to students or employees. Loan recipients may be restricted certain criteria, such as financial status. If the recipient is named by an external agency or person, the college should consider classification as an agency fund. All loan funds are classified as Institutional Funds in the budget source.

7. Plant Funds

Funds incorporate the provision of [G.S. 115D-31](#) and include all instructional, administrative and general equipment, land, improvements to land, buildings, improvements and renovations to buildings, and instructional resources. Plant funds also include any cash or other assets that are intended to be used for the acquisition of any of the above. Plant funds may be used with any of the three budget sources previously described.

8. Endowment Funds

Funds are designated by the principle to be non-expendable. The purpose of such an endowment is the production of income that is recorded as revenue to the endowment and then transferred to another fund for use according to the intent of the donor.

9. Agency Funds

Funds for which the college acts only as an administrator or custodian. All decisions concerning the use of these funds are made by the agency or individual who placed the funds with the college. There should not be a fund balance shown for agency funds. Separate liability accounts should be maintained to indicate ownership of the assets.

IV. Purpose Codes (Positions 3, 4, and 5)

These positions identify purposes and functions within the fund group. The purpose used when making entries to state and county asset, liability, fund equity and revenue accounts will always be "000".

Certain institutional funds purposes are standard across the system, while individual colleges may establish institutional purpose codes at the local level based on business needs. The standard institutional, state, and county expense accounts are classified into the following purposes and functions. Use of purposes other than those shown below **is not allowed for state expenses**. The System Office may at any time necessary establish new state and county purpose codes that have priority over any locally established purpose codes. Colleges are required to reclassify locally established codes should the System Office establish a conflicting statewide code.

See VIII. Purpose Codes No Longer used (page 85)

1. 1XX – Institutional Support

This purpose includes activities that involve the management and administration of the entire institution and includes the following purposes:

- 110 Executive Management** - Record the cost of senior level executives with responsibilities for the management of the institution as a whole. These individuals include the president, chief academic officer, chief business officer, chief student affairs officer, board of trustees, and any other officers who report directly to the president. Other technical/paraprofessional or clerical personnel who support or assist these executives with no other responsibilities may be reported in this function.
- 120 Financial Services** - Record activities involving all accounting, payroll, purchasing, auxiliary services and the business office.
- 130 General Administration** - Record expenditures for the college-at-large excluding the plant operation and executive management. This purpose will include human resources, communications, planning, institutional effectiveness, insurance, legal fees, court claims, dues and memberships, accreditation expense, public relations, advertising, marketing, printing catalogues, and the operation of print shops and other services that support the general institution.
- 131 College Work Study** - Record the expenditures for the Federal Work Study Program where students earn funds through part-time employment at the college to assist in financing the costs of postsecondary education. State funds may not be used to meet any matching funds required by participation in the program. All matching funds required must be paid from county or institutional funds.

135 Non-State Funded Pandemic Bonus – Record the bonus expenditures for the non-state funded employees who received the pandemic bonus as appropriated in S.L. 2021-180. Legislation mandated the bonus to be paid from state funds to employees regardless of the employee’s funding source.

140 Information Systems (Administrative) - Record the cost of computer operations that serve the administrative activities of the entire institution.

2. 2XX – Curriculum Instruction

Record the cost of all activities that directly involve the delivery of curriculum instruction to students. These costs shall include the salaries paid to instructors and teaching assistants (as defined in objects 513XXX) whose efforts directly involve the instruction of students. These costs shall also include all fringe benefits associated with these individuals as well as other costs including travel, supplies, service and maintenance contracts on educational equipment, and any other current expenses incurred in the course of instruction.

220 Curriculum Instruction - Record all instructional expenses related to certificate, associate, diploma, career and college promise pathways, and transitional programs.

Certificate programs are designed to lead to employment or to provide skills upgrading or retraining for individuals already in the workforce. A certificate program may be a stand-alone curriculum program title, or a college may award a certificate under an approved degree or diploma curriculum program for a series of courses taken from the approved program of study.

Associate programs are planned programs of study culminating in an associate in applied science, associate in arts, associate in fine arts, associate in science, or associate in general education degree. Associate in applied science degree programs are designed to prepare individuals for employment. These programs involve the application of scientific principles in research, design, development, production, distribution, or service. Associate in arts, associate in science, and associate in fine arts degree programs are designed to prepare students for transfer at the junior level to institutions offering baccalaureate degrees. Associate in general education degree programs are designed for students who desire a general liberal arts education.

Diploma programs are designed to provide entry-level employment training. A diploma program may be a stand-alone curriculum program title, or a college may award a diploma under an approved associate in applied science degree curriculum program for a series of courses taken from the approved program of study and structured so that a student may complete additional non-duplicative course work to receive an associate in applied science degree.

Career and College Promise Pathway programs include college transfer pathways providing up to 34 hours of tuition-free course credits toward the Core 44, an agreed-upon 44 hours of college credits that will transfer seamlessly to any public or participating private college or university; technical career pathway toward a job credential, certificate or diploma in a technical career; and innovative high schools where high school students earn college credits by attending an approved cooperative innovative high school.

Transitional programs are used for students enrolling in college level curriculum courses with the intent to move from general interest to a specific educational program, including Basic Skills Plus and Special Credit programs.

29X Curriculum Fees - Record the additional local fees that are charged to curriculum students to offset the high cost of curriculum programs.

291 Required Specific Local Fees – Curriculum - Record fees charged to students to support other required academic costs for items that are in addition to normal supplies and materials the college typically provides for students. Such academic costs may include tools, uniforms, insurance, certification/licensure fees, e-text, lab, and other consumable supplies, etc. A specific fee may be charged for refreshments and/or meals if disclosed to potential students in advance.

Specific fee rates should be determined on a cost-recovery basis. Specific fee receipts shall be used for the purposes for which they are charged. If specific fee receipts exceed expenditures for the purposes for which they are charged, the college must expend the excess receipts consistent with the provisions outlined in [1 E SBCCC 700.1](#).

292 Instructional Technology Fees – Curriculum - Record fees charged to students to support student access to instructional technology. The instructional technology fee shall not exceed \$48 per academic term for curriculum students and \$5 per course to continuing education students. However, subject to the prior approval of the SBCC, local boards of trustees have the authority to establish an instructional technology fee that exceeds the \$48 per academic term for curriculum students. Instructional technology fees may not be charged to individuals who participate only in meetings/seminars organized by the college. A seminar/meeting is defined as a small grouping of people primarily for discussion under the direction of a leader or resource person(s) and are generally one-time offerings.

Instructional technology fee receipts shall be used to support costs of procuring, maintaining, and operating instructional technology, including both information technology (hardware and software) used primarily for instructional purposes and specialized instructional equipment necessary for

hands-on instruction. Colleges are authorized to use fee receipts to hire support positions to operate, maintain, and repair this technology, as well as to buy the necessary supplies and materials for operations.

Fee receipts **may not** be used to purchase computers and other technology used primarily by college employees, nor may receipts be used to support positions that do not directly support this instructional technology.

293 - 294 Live Client Projects – Curriculum - Record revenues and expenditures for live client project fees collected and expended for Curriculum Programs. Live client projects are educational programs in which students, as part of their educational experiences and as part of the instructional course requirements, repair or remodel equipment not owned by the college; or educational programs that produce goods that are sold or services for which charges are made, such goods or services being the normal and necessary product of learning activities of students.

When repairing or remodeling equipment, the owner of the equipment must supply or pay for all parts required and colleges may charge only for services. When part of the educational program, the college must charge all clientele for the value of the goods and services provided.

Live client project receipts shall be deposited into an unrestricted institutional account. A college may determine locally whether discrete live client projects are accounted for in separate institutional accounts or in one account used for multiple live customer projects. See [1H SBCCC 300.1](#) for additional Live Client Project information.

3. 3XX – Continuing Education Instruction

Record the cost of all activities that directly involve the delivery of continuing education instruction to students. These costs shall include the salaries paid to instructors and teaching assistants (as defined in objects 513XXX) whose efforts directly involve the instruction of students. These costs shall also include all fringe benefits associated with these individuals as well as other costs including travel, supplies, service and maintenance contracts on educational equipment and any other current expenses incurred during instruction. The continuing education purposes are as follows:

310 Occupational Education Instruction - Record the cost of offering single courses, each complete, designed specifically for training an individual for employment, upgrading the skills of persons presently employed, and retraining others for new employment in occupational fields.

311 Occupational Support - Records the costs associated with the direct administration, coordinating, scheduling and support of the occupational education instruction courses. **NOTE: Do not charge instructional costs to this purpose, i.e., instructional salary, instructional supplies, etc.**

320 Basic Skills Plus - Effective July 1, 2021, this purpose code is no longer allowable for college use. See numbered memo [CC21-041](#) for more detail.

321 Adult Basic Education/English Language Acquisition - Record the Adult Basic Education (ABE) costs of offering instructional programs that provide basic skills for adults who are performing below the ninth-grade level in reading, writing, mathematics, and other basic skills. Many of these activities include pre-high school equivalency preparatory components or transition from English acquisition to ABE instructional programs. English language acquisition classes are designed to help eligible individuals who are English language learners achieve competence in reading, writing, speaking, and comprehension of the English language; and that leads to the attainment of a secondary school diploma and its recognized equivalent; and transition to post-secondary education and training; or employment. Record the instructional costs associated with offering classes in Adult Basic Education and English Language Acquisition. Allowable expenses include, but are not limited to, costs for instructors' salaries and benefits, classroom materials as outlined in your college's approved budget plan. Allowable costs may include but not limited to the following: audit services, bonding costs, compensation-personal and fringe, depreciation, equipment, employee health, maintenance, repairs, materials, supplies, computers, rental costs, training and education costs, transportation, and travel costs. Unallowable costs include the following: alcohol, commencement costs, fundraising, lobbying, student activity costs and bad debts. Allowable and unallowable costs may be found within the College and Career Readiness Cost Allowability document. For the complete list of items, please refer to the [College and Career Readiness / NC Community Colleges](#) website.

Note: No administrative or clerical costs can be charged to this purpose code. Up to 5% of the federal portion may be used for administrative costs. See purpose code 325 for more information.

322 Adult Secondary Education (ASE) – ASE instruction may lead to a diploma, a high school equivalency certificate, transition post-secondary education, or employment. Allowable costs may include but not limited to the following: audit services, bonding costs, compensation-personal and fringe, depreciation, equipment, employee health, maintenance, repairs, materials, supplies, computers, rental costs, training and education costs, transportation, and travel costs. Unallowable costs include the following: alcohol, commencement costs, fundraising, lobbying, student activity costs and bad debts. Allowable and unallowable costs may be found within the [College and Career Readiness Cost Allowability](#) document. For the complete list of items, please refer to the [College and Career Readiness / NC Community Colleges](#) website.

Note: No administrative or clerical costs can be charged to this purpose code. Up to 5% of the federal portion may be used for administrative costs. See purpose code 325 for more information.

323 Integrated English Literacy and Civics Education (IELCE) – Serve English language learners who are adults, including professionals with degrees and credentials in their native countries, to achieve competency in the English language and acquire the basic and more advanced skills needed to function effectively as parents, workers, citizens, and civic participants, and to receive workforce training. IELCE will prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to self-sufficiency; and integrate with local workforce development systems and its functions to carry out the activities of the program. IELCE provides instruction in literacy and English language acquisition, civic participation, and the rights and responsibilities of citizens, and workforce training. Activities must be provided in combination with integrated education and training activities. Allowable costs may include but not limited to the following: audit services, bonding costs, compensation-personal and fringe, depreciation, equipment, employee health, maintenance, repairs, materials, supplies, computers, rental costs, training and education costs, transportation, and travel costs. Unallowable costs include the following: alcohol, commencement costs, fundraising, lobbying, student activity costs and bad debts. Allowable and unallowable costs may be found within the College and Career Readiness Cost Allowability document and should be outlined in your college's approved budget plan. For the complete list of items, please refer to the [College and Career Readiness | NC Community Colleges](#) website.

Note: No administrative or clerical costs can be charged to this purpose code. Up to 5% of the federal portion may be used for administrative costs. See purpose code 325 for more information.

325 Basic Skills Administration – Record up to 5% of the federal portion of the Title II grant that is allowed for support and administrative functions, such as clerical personnel costs. These costs are not related to the direct provision of adult education and literacy activities as defined in WIOA. In other words, administrative costs include clerical support but do not include the cost of Basic Skills directors who spend considerable time performing program specific activities, which could be charged to purpose code 321, 322, and 323. This would depend upon the job functions as documented in the job description of the director. Allowable costs may include but not limited to the following: audit services, bonding costs, compensation-personal and fringe, depreciation, equipment, employee health, maintenance, repairs, materials, supplies, computers, rental costs, training and education costs, transportation, and travel costs. Unallowable costs include the following: alcohol, commencement costs, fundraising, lobbying, student activity costs

and bad debts. Allowable and unallowable costs may be found within the College and Career Readiness Cost Allowability document and should be outlined in your college's approved budget plan. For the complete list of items, please refer to the [College and Career Readiness / NC Community Colleges](#) website.

Note: No other administrative or clerical costs above the 5% maximum of the federal portion of the Basic Skills grant can be charged to this purpose code. Expenses above this 5% maximum cannot be paid from state Basic Skills formula or Title II funds. See purpose code 422.

331 Community Service – Costs of single courses offered by the college from **institutional** funds that focus on an individual's personal, or leisure needs rather than occupational or professional needs may be recorded in purpose 331. This program includes both cultural and civic components. **State funds cannot be used for community service efforts since the General Assembly eliminated the state Community Service block grant as of July 1, 2009.** Colleges may use institutional funds for community service offerings.

4. 35X – 37X Continuing Education Instruction – Categorical Allocations

Record the cost of all activities that directly involve the delivery of continuing education instruction through the following categorical programs tracked in purpose codes 358 through 371. Categorical program funds are state fund allocations made separately from the current operating formula budget and earmarked for certain programs or initiatives that can only be spent for the specific purposes of those programs or initiatives. **Generally, use Vocational Code 80 with purpose codes 358 through 371. All categorical equipment expenditures should be recorded in purpose code 940. Any other combinations of vocational code and purpose code required to properly record these categorical expenditures are detailed in their respective descriptions.**

359 Local Capacity Building 10%/5% - Record the costs to build the internal capacity of the college to provide customized training through instructor/trainer skill-specific training, certifications, and development of instructional materials at the local level. Local Capacity Building current operating costs are charged to vocational code 80.

Per [G.S. 115D-5.1\(f2\)](#), up to ten percent of college-delivered training expenditures and up to five percent of contractor-delivered training expenditures of the prior fiscal year may be allotted to each college for capacity building at that college. To access these funds, colleges must identify instructional delivery deficiencies and submit a description of how receipt of the funds will address such deficiencies. Colleges must also submit a projected budget for approval by the Associate Vice President of Customized Training.

360 Regional Capacity Building 8% - Record the costs of training and supporting regional community college personnel to deliver training services. Per [G.S. 115D-5.1\(f3\)](#), up to eight percent of the funds appropriated each year for Customized Training may be used to support much-needed depth in the training services delivery capacity of the NC Community College System. Regional Capacity Building current operating costs are charged to vocational code 80.

Funds are allotted to six colleges that serve as hosts for these regional trainers to support salary and fringes, travel, and subsistence, supplies and materials, long distance telephone expenses, and training certification costs for these regional positions.

361 Customized Training Program Projects – Record the cost of offering programs for customized, job-specific training needs of new industries which are moving into the state and for existing industries undergoing a major expansion which will result in the need for additional skilled manpower. Funds must be used in accordance with the Customized Training Guidelines adopted by the State Board as amended May 15, 2009, with numbered memorandum [CC09-014](#). Customized Training program projects current operating costs are charged to vocational code 80.

363 Small Business Centers - Record the cost of providing training, counseling and referral services especially designed for existing and prospective small businesses. Current operating and non-capitalized expenditures against these separately allotted state funds shall be recorded under this purpose using vocational code 83. Non-capitalized equipment is charged to object codes 555100 and/or 555200. Capitalized equipment is charged to purpose code 940, vocational code 83, and object code 553500.

364 Business and Industry Support - Administrative – Record the administrative costs of positions whose responsibility is to serve existing business and industry. Colleges may only use up to \$40,000 for administrative purposes. Business and Industry Support current operating costs are charged to vocational code 80.

365 Business and Industry Support - Instructional - Record the instructional costs of positions whose responsibility is to serve existing business and industry. The instructional component may only be used for instructional activities supporting the Manufacturing, Warehousing and Distribution, Business Support Services, Information Technology, and Computer Software Design industries. Business and Industry Support current operating costs are charged to vocational code 80.

366 Marketing and Outreach for Apprenticeships - Record the expenditures to market registered pre-apprenticeships and apprenticeships. Funds are to

be used for the purpose of providing awareness, through marketing and advertising, for parents and students regarding CTE programs and high-quality work-based learning experiences through partnerships with community colleges, businesses, and public school units. Expenditures are to be charged to vocational code 80.

367 ApprenticeshipNC --.Record the expenditures focused on expending apprenticeship registration in the following eight industry sectors: Advanced Manufacturing, Construction, Energy, Healthcare, Hospitality, Information Technology, Logistics, and Public Safety ApprenticeshipNC expenditures are charged to vocational code 80.

369 BioNetwork Centers – Record the costs for the operation of the six approved BioNetwork Centers. Funds in purpose 369 are appropriated by the State and may not be transferred to any other purpose, except for BioNetwork center equipment. BioNetwork center current operating costs are charged to vocational code 80 and equipment is charged to vocational code 43 in purpose 940. Prior approval must be received before transferring funds to equipment.

370 NC Military Business Center – Record the expenditures of funds appropriated by the General Assembly to Fayetteville Technical Community College for their Military Business Center. NC Military Business Center current operating, and non-capitalized equipment costs are charged to vocational code 80 and capitalized equipment is charged to vocational code 40 in purpose 940. ***Only Fayetteville Technical Community College may use this purpose code.***

371 NC Research Campus at Kannapolis – Record the expenditures of funds appropriated by the General Assembly for Rowan Cabarrus' research facility. NC Research Campus current operating and non-capitalized equipment costs are charged to vocational code 80 and capitalized equipment is charged to vocational code 59 in purpose 940. ***Only Rowan Cabarrus may can use this purpose code.***

373 Literacy Special Projects – Record the expenditures for the literacy grants awarded under the Comprehensive Adult Student Assessment System (CASAS), IDEAL Distance Learning, Pathways to Employment, Comprehensive Family Literacy, English Literacy/Civics Education, and Innovations/Transitions projects. Record the expenditures in vocational code 73 for Adult Education and Family Literacy Act (AEFLA) State Leadership, 74 for CASAS, 75 for IDEAL, Pathways, and Family Literacy, 76 for English Literacy/Civics Education, and 77 for Innovations/Transitions. Each program should also be tracked and recorded in a separate unit code at the college level.

374 Pilot Digital Literacy Training for Career and College Readiness Programs, Phase II – Record the cost by Title II college providers to pilot the development of the digital literacy certification training program – NC Digital Literacy Skills (DLST) certificate. Costs include instructor training and staff support, Digital Literacy Skills Assessments and curriculum and devices, and Educational Software Licenses. This allocation is funded through Title II AEFLA. All funds are to be spent according to a specified schedule. ***Only approved colleges may use this purpose code.***

5. 39X – Non-Curriculum Fees

Record the additional fees that are charged to non-curriculum students to offset the high cost of occupational continuing educational classes.

391 Required Specific Local Fees – Non-Curriculum - Record the fees charged to students to support other required academic costs for items that are in addition to normal supplies and materials the college typically provides for students. Such academic costs may include tools, uniforms, insurance, certification/licensure fees, e-text, lab, and other consumable supplies, etc. A specific fee may be charged for refreshments and/or meals if disclosed to potential students in advance.

Specific fee rates should be determined on a cost-recovery basis. Specific fee receipts shall be used for the purposes for which they are charged. If specific fee receipts exceed expenditures for the purposes for which they are charged, the college must expend the excess receipts consistent with the provisions outlined in State Board Policy [1E SBCCC 700.7](#).

392 Instructional Technology Fee - Non-Curriculum - Record the fees charged to students to support student access to instructional technology. The instructional technology fee shall not exceed \$5 per course for continuing education students and may not be charged to individuals who participate only in meetings/seminars organized by the college. A seminar/meeting is defined as a small grouping of people primarily for discussion under the direction of a leader or resource person(s) and are generally one-time offerings.

Instructional technology fee receipts shall be used to support costs of procuring, maintaining, and operating instructional technology, including both information technology (hardware and software) used primarily for instructional purposes and specialized instructional equipment necessary for hands-on instruction. Colleges are authorized to use fee receipts to hire support positions to operate, maintain, and repair this technology, as well as to buy the necessary supplies and materials for operations.

Fee receipts **may not** be used to purchase computers and other technology used primarily by college employees, nor may receipts be used to support positions that do not directly support this instructional technology.

393 - 394 Live Client Projects – Non-Curriculum - Record revenues and expenditures for live client project fees collected and expended for Continuing Education classes. Live client projects are educational programs in which students, as part of their educational experiences and as part of the instructional course requirements, repair or remodel equipment not owned by the college; or educational programs that produce goods that are sold or services for which charges are made, such goods or services being the normal and necessary product of learning activities of students.

When repairing or remodeling equipment, the owner of the equipment must supply or pay for all parts required and the college may charge only for services. When part of the educational program, the college must charge all clientele for the value of the goods and services provided.

Live client project receipts shall be deposited into an unrestricted institutional account. A college may determine locally whether discrete live client projects are accounted for in separate institutional accounts or in one account used for multiple live customer projects. See [1H SBCCC 300.1](#) for additional Live Client Project information.

395–9 Reserved for Future Use

6. 4XX – Academic Support and Administration

Funds expended primarily to provide support services that directly assist the academic functions of the institution's primary instructional mission, including instructional resources and technology, academic administration, and curriculum development.

7. 41X – Academic Support

Record expenditures for activities that provide support for the institution's primary purpose of instruction, including library services, technology support, and separately budgeted curriculum development.

410 Library/Learning Center - Record expenditures for organized activities that directly support the operation of a catalogued or classified collection of resource material. It also includes learning resource and educational media support services that aid in the transmission and collection of information in support of the institution's educational mission.

8. 42X – 45X Academic Administration

Record expenditures for activities providing administrative support to the academic programs but excludes executive academic officers who are included under Executive Management purpose 110.

421 Curriculum - Record the costs associated with the administration of curriculum instruction as a whole and includes related expenditures for all directors, deans, support personnel, etc. who support and/or supervise curriculum programs. The chief academic officer shall not be coded to this purpose. Department chairs in which instruction is still an important role should have their expenditures charged under their specific curriculum purpose.

422 Continuing Education - Record the costs associated with the administration of non-curriculum instruction. It should contain the expenditures of the deans and/or directors of non-curriculum programs and any others who provide non-teaching support for the non-curriculum programs. Individuals who are associated with a specific non-curriculum program should have their expenditures charged under their appropriate purpose, excluding purposes 310, 311, 321, 322, 323, and 331, unless otherwise stated. Coordinators, Recruiters and/or Assessment and Retention Specialists in Literacy Education programs should be charged to that program. Other administrators of Literacy Education programs should be charged to purpose 422.

430 Information Systems (Academic) - Record current operating expenses incurred in operating all information systems that serve the instructional activities of the institution.

432 – Moodle Hosting Services - Record current operating expenditures incurred for account and storage overages for fiscal year 2021-2022 of the Moodle Open learning management system as a result of increased online student learning during the pandemic. Expenditures are to be charged to vocational code 80.

450 Technology – HB275 - Records the costs of instructional software. Funds may be budgeted as part of [House Bill 275, Section 7 of Session Law 1999-237 Nonreverting Equipment, Technology and MIS Reserve](#) or transferred into purpose 450 from purpose 922. No other funds may be transferred into purposes 450 and 922.

NOTE: Funds transferred into purpose 450 should reflect the dollar amount of purchases only. Do not leave an unexpended budget balance in purpose 450 as of June 30.

9. 5XX – Student Support

510 Student Services - Record the costs associated with the admissions office and registrar, counseling, career guidance, placement officers, placement testing, and financial aid administration.

525 - Intellectual & Developmental Disabilities Pilot Program – Record the expenditures to research best practices and conduct a needs assessment to identify how to best serve students with intellectual and developmental disabilities. Expenditures are to be charged to vocational code 80.

530 Childcare - Record the expenditures of the NC Child Care Grant in assisting curriculum and qualified work study student-parents with the financial responsibilities for childcare expenses so they may stay enrolled and complete their educational goals. Use vocational code 80 with all expenditures in this purpose code. No faculty, staff, or administrator employed by the college may receive or utilize funds from this grant.

These funds must be disbursed directly to the provider or the student-parent only upon receipt of an invoice from a childcare provider accompanied by a student's class attendance report. Under no circumstances may colleges pay in advance for services which have not been received. Neither these funds nor any other state funds may be used to support non-State costs, including but not limited to non-instructional activities for college childcare facilities. State funds cannot be used to support childcare facilities or support childcare staff positions. Colleges may not expend any of these allocations for administrative overhead, including salaries.

540 Hurricane Florence Emergency Grant - Record the cost of approved grant expenses that support a qualifying student's continued enrollment, including costs related to transportation, textbooks, tuition, fees, and living expenses. These funds are authorized by [Session Law 2018-136, the Hurricane Florence Disaster Recovery Act](#). Qualifying students are students who have suffered financial hardship due to the damage and destruction by Hurricane Florence.

552 Student Support Services (Longleaf Commitment) – Record the costs for these funds to expand evidence-based practices, including student advising, success coaching capacity and related investments (e.g. technology support). This is a federal award allocation through the [Governor's Emergency Education Relief \(GEER\) Fund by the coronavirus Response and Relief Supplemental Appropriations Act, 2021 \(CRRSA\), Pub. L. No. 116-260](#). All funds are to be spent according to a specified schedule. Failure to adhere to the expenditures schedule will put the college at risk of having funds recalled and reallocated.

553 Longleaf Complete – Record the costs for these funds to help community college near-completers finish their degree or credentials. These funds may be used for student aid grants to address unmet financial need helping these students succeed through graduation. This is a federal award allocation through the [Governor's Emergency Education Relief \(GEER\) Fund by the coronavirus Response and Relief Supplemental Appropriations Act, 2021 \(CRRSA\), Pub. L. No. 116-260](#). All funds are to be spent according to

a specified schedule. Failure to adhere to the expenditures schedule will put the college at risk of having funds recalled and reallocated.

554 Short-Term Workforce Development Grant Program – Record the costs of the Short-Term Workforce Development Grant Program as established and appropriated in [Session Law 2021-180 \(SB 105, Section 6.6\)](#).

Allowable expenditures are direct financial assistance for resident students who enroll in noncredit, short-term workforce training programs that lead to an industry-recognized credential in fields with employer demand and competitive wages.

555 – Summer Accelerator Grant Program – Record the expenditures to provide financial assistance to students enrolling in summer courses to achieve an accelerated degree or credential, and/or students in need of developmental (remedial) courses or other summer support to get and stay on track in their program to graduate on time. Funding provided by the [Governor’s Emergency Education Relief \(GEER\) Fund by the coronavirus Response and Relief Supplemental Appropriations Act, 2021 \(CRRSA\), Pub. L. No. 116-260](#). Expenditures are to be charged to vocational code 80.

10.6XX – Operation and Maintenance of Plant

Record the expenditures for all activities involving the operation and maintenance of the institution’s physical plant.

610 Plant Operation - Record the salaries of the plant supervisor, janitors, maids, watchmen, groundskeepers, and other individuals contributing to the operation of the physical plant and adjacent grounds. Also included in this purpose are the cost of fuel, water, power, telephone service, the cost of janitorial supplies and materials, the cost of operation of motor vehicles (but not including motor vehicles used for instruction), rental of land and buildings, and other costs necessary for the continuous operation of the plant. Insurance is not included in this purpose but should be classified as a general administration expense.

620 Plant Maintenance - Record the salaries of all maintenance supervisors and workers. The cost of supplies, materials, parts, contracted services, and any other cost associated with the maintenance or Non-Capitalized repair of buildings, grounds, motor vehicles, heating, general electrical, plumbing, and other general plant equipment. The maintenance and replacement of furniture and equipment provided from local funds may also be included.

11.7XX – Proprietary/Other

Record the cost of auxiliary enterprises, bookstore operations, food service, parking, internal service funds, and Student Government Association funds.

71X Auxiliary Enterprises - Record activities of an auxiliary enterprise. An auxiliary enterprise is one that furnishes a good or service to either or both students and employees and charges a fee for that good or service. They are operated as self-supporting entities that are intended to make some profit, or to at least break-even.

72X Bookstore - Record activities from the sale of all merchandise in the bookstore, either operated by the college or on a contract basis with an outside party.

73X Food Service - Record activities associated with both vended food and other traditional methods of food service, either operated by the college or on a contract basis with an outside party. If a college offers more than one service of this type, each distinguishable entity should be assigned a separate unit code.

74X Parking Record activities when a parking fee is charged, and the revenues are used for some phase of operating or maintaining the parking facilities. Any use of county money for parking facilities should be confined to reporting within the "2" Budget Source.

76X Internal Service Funds - Record activities of an internal service that has been established to support the educational mission of the college and have their accounts operated through institutional funds. Internal Service Funds may include print shops, central stores, etc.

77X SGA Funds - Record any activities conducted under the auspices of the Student Government Association or similar organization. Specific assignments within the 77X series are to be made by the college.

78X Research - Record all activities related to research projects. Individual projects will be accounted for as separate entities under the 78X series of numbers. Special projects, designated as research, under Vocational Education Act funds will be included in this category.

79X Public Service - Record funds for activities designed to provide non-instructional services to individuals or groups outside the college, such as public workshops, conferences, and broadcasting services when any of these do not constitute instruction. Specific fund number assignments are left to the institution within the 79X series.

12.8XX – Student Aid

Record scholarships, grants and loans made to students to assist in the cost of post-secondary education. In cases where the college is the administrator of the funds, but does not determine recipients to any significant degree, the funds should be classified as Agency Funds. However, Pell grants are considered to be Student Aid.

81X Loans - Record any loans granted by the college to students to offset the cost of postsecondary education that must be repaid to the institution. Federal Direct Stafford and PLUS loans are recorded as "Agency Funds" since the institution acts as fiduciary agent for the student.

82X Student Aid – Federal - Record all federal aid programs separately using the 82X series purpose codes. The following standard system wide codes have been established and should be used consistently at all colleges. Colleges may assign the 82X series to any other federal aid programs that may exist at the local level, such as TEACH Grants, and Iraq and Afghanistan Service Grants.

821 Department of Education – Draw Downs - Record the amounts drawn down from the U.S. Department of Education separately from the amounts awarded to students.

823 FSEOG (Federal Supplemental Educational Opportunity Grant) - Record the aid awarded to students through the FSEOG grant program. The FSEOG Program provides need-based grants to low-income undergraduate students to promote access to postsecondary education. Institutional allocations are based on institutional requests for program funding under a statutory formula.

824 Pell Grant - Record the aid awarded to students through the Pell grant program. Pell grants are direct grants awarded through participating institutions to students with financial need who have not received their first bachelor's degree or who are enrolled in certain post-baccalaureate programs that lead to teacher certification or licensure. Grant amounts are dependent on the student's expected family contribution (EFC), the cost of attendance, the student's enrollment status (full-time or part-time), and whether the student attends for a full academic year or less.

83X Scholarships - Record other aid awarded to students to offset the cost of postsecondary education. Scholarship awards can be merit-based, student specific or career specific and can be awarded by the institution, various foundations, or other organizations.

13.9XX – Capital Assets

A capital asset is property, such as land, land improvements, easements, buildings, equipment, works of art and historical treasures, and infrastructure, with a cost equal to or greater than \$5,000 and a useful life of two or more years. Capital assets are recorded at historical cost or estimated historical cost. Record purchase price or cost of construction plus any other charges incurred to place the asset in its intended location and condition for use. Capital assets are acquired for use in normal operations and are not for resale. These assets may be subject to depreciation.

910 Buildings and Grounds - Record the expenditures and revenues associated with capital projects funded with county appropriations. This purpose is used only with county funds. The expenditures in this purpose may include land, land improvement, landscaping, extension of water and sewer lines, paving, architectural fees, and other capital outlays that are charged against the county's regular appropriation for this purpose. Major acquisitions and projects will probably be handled through the plant funds category under the Institutional Fund source. (See also NACUBO code "7" - Plant Funds.)

920 Equipment - Record the cost of state equipment formula funds used to procure furniture and equipment used for administrative or instructional purposes. Acceptable uses of these funds include motor vehicles used for instructional purposes, hardware and software associated with telecommunication and information technology systems, office furniture and equipment, audio-visual materials of a durable nature, and any other tangible items of substantial cost that may reasonably be expected to have a useful life exceeding one year that is used for administrative or instructional purposes.

921 Equipment Acquisition Reserve Fund - Record equipment expenditures in accordance with an equipment acquisition plan developed by the institution and approved by the State Board. Funds are non-reverting. ([Session Law 1998-212, S1366, Section 10.2](#))

922 Equipment – HB275 - Record the cost of procuring instructional equipment as outlined in memo CC00-114 May 10, 2000. The following expense objects should be used with this purpose: 553150 – Computer Equipment; 553160– Allied Health Equipment; 553170 – Machinery/Mechanical Equipment; 553180 – Other Educational Equipment; 555100 – Non-Capitalized Equipment.

Funds may be budgeted as part of [House Bill 275, Section 7 of Session Law 1999-237 Nonreverting Equipment, Technology and MIS Reserve](#)

Funds are restricted to purposes 922 and 450. No other funds may be transferred into purposes 922 and 450.

NOTE: Unexpended budget balance for purpose 450 and 922 must remain in purpose 922 for June 30 carryover.

923 Equipment – Literacy - Record the costs of procuring instructional technology for the college's literacy labs and classrooms. Colleges may use up to 5 percent of the basic skills allotment to procure instructional technology, including computers, instructional software and software licenses, scanners for testing, and classroom projection equipment, for the college's literacy labs and classrooms, per [Session Law 2010-31, Section 8.10](#). *No other equipment or capital items can be purchased with basic*

skills funds. Budget can only be transferred into 923 from literacy current purpose codes 321, 322 and/or 323. No other budget can be transferred into 923.

930 Books - Record the cost of books, book-like materials, magazines and periodicals, and audio-visual materials of a durable nature.

940 Categorical Equipment - Record the cost of procuring categorical program administrative or instructional equipment, furniture, motor vehicles, data processing equipment, audio-visual materials of a durable nature, and any other tangible items of substantial cost that may reasonably be expected to have a useful life exceeding one year.

96X Fixed Assets - Record the value of tangible long-term assets such as land, buildings, or equipment, obtained or controlled as a result of past transactions, events or circumstances and held for use rather than for processing or resale. These are assets expected to have a useful life exceeding two years and may be depreciated.

14. COVID-19 General Ledger Codes

Several sources of funds have been provided since the national declaration of the COVID pandemic on March 13, 2020. Federal sources provided to the State of NC allowed for allocations through the 2020 COVID-19 Recovery Act, Coronavirus Relief Act, and the Governor's Emergency Education Relief Scholarships which resulted in allocations to colleges through the NC Community College System Office.

Colleges receiving these funds are also responsible for required reporting to the NC Pandemic Office and are subject to State and Federal audit requirements. These funds are also subject to the following requirements in the Uniform Guidance (2 CFR Part 200): 2 CRF §200.303 regarding internal controls, 2 CRF §200.330 through 200.332 regarding subrecipient monitoring and management and subpart F regarding audit requirements.

General ledger tracking codes are set up to record the costs of various expenses caused by the COVID-19 pandemic. These codes are only to be used as indicated on college allocations.

COVID-19 Purpose Codes:

362 Small Business Center Counseling – Record the cost of providing additional counseling expertise to support businesses get back on their feet and to help new businesses take advantage of emerging opportunities caused by COVID-19. This is an allocation funded through [2020 COVID-19 Recovery Act \(Session Law 2020-4\)](#). All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of having funds recalled and reallocated.

- 368 Enhancing Online Learning** – Record the cost to enhance the delivery of online learning needed as a result of COVID-19, across the NC Community College System using the following initiatives:
- **Quality Online Learning** – Record the cost to support course certification through Quality Matters and/or Quality Matters membership cost.
 - **Online Skills Labs** – Record the cost to support virtual skills labs and lab based online resources to enhance course delivery and learning outcomes.
 - **Enhancing Online Learning – Biomanufacturing Industry** – Record the cost of Gaston College to support the development of flexible online learning for the biomanufacturing industry.
- These allocations are funded through [2020 COVID-19 Recovery Act \(Session Law 2020-4\)](#).

374 Pilot Digital Literacy Training for Career and College Readiness Programs, Phase I – Record the cost by Title II college providers to pilot the development of the digital literacy certification training program – NC Digital Literacy Skills (DLST) certificate. Costs include instructor training and staff support, Digital Literacy Skills Assessments and curriculum and devices, and Educational Software Licenses. This allocation is funded through [2020 COVID-19 Recovery Act \(Session Law 2020-4\)](#). All funds are to be spent according to a specified schedule. **This purpose code is only allowed to be used by approved colleges.**

431 Rural College Broadband Access Allocation - Current Operating – Record the cost to deliver critical, college specific IT infrastructure and network security improvements for 20 colleges serving students at campuses in our system’s most rural and economically challenged regions caused by COVID-19. This is an allocation funded through [2020 COVID-19 Recovery Act \(Session Law 2020-4\)](#). See purpose 944 for equipment costs. **This purpose code is only allowed to be used by Colleges with an approved IT plan.**

511 College Career Counselors and Academic Advisors – Record the cost of providing additional career counseling and academic advisors to students impacted during the COVID-19 pandemic. This is an allocation funded through [2020 COVID-19 Recovery Act \(Session Law 2020-4\)](#). All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of having funds recalled and reallocated.

512 Virtual Student Tutoring – Record the cost providing online tutoring and support services to successfully navigate the educational landscape necessitated from converting many traditional face-to-face instructional and advising processes to an online format due to COVID-19 pandemic. This is an allocation funded through [2020 COVID-19 Recovery Act \(Session Law](#)

[2020-4](#)). All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of have funds recalled and reallocated.

513 Personal Protective Equipment and COVID-19 Testing - Current

Operating – Record the cost of current expenses of personal protective equipment (PPE) and COVID-19 testing in response to the COVID-19 pandemic. This is an allocation funded through [Coronavirus Relief Act \(Session Law 2020-97\)](#). See purpose 943 for equipment costs. All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of having funds recalled and reallocated.

514 Support Online Testing – Support the cost of online testing and proctoring due to COVID-19 pandemic. This is an allocation funded through [2020 COVID-19 Recovery Act \(Session Law 2020-4\)](#) and [Session Law 2020-32](#). All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of having funds recalled and reallocated.

550 Golden LEAF COVID-19 Scholarship – Record the cost of approved grant scholarship expenses awarded to students who demonstrate financial need and reside in a rural county that is tobacco dependent. Curriculum students may receive up to \$2,250 per year. Continuing Workforce Education students may receive up to \$1,000 per year. Current Golden LEAF scholars are eligible for additional funding if their total annual amount does not exceed these new limits. Only available to colleges who have fully expended its 2019-20 Golden LEAF allocation.

551 COVID-19–Governor’s Emergency Education Relief Scholarships (GEER) - Record the costs for these funds for scholarships to eligible community college students pursuing high-demand workforce training within ten workforce pathways leading to a State or industry recognized credential. This is a federal award allocation funded under [Section 18002 of Division B of the Coronavirus Aid, Relief, and Economic Securities Act \(CARES Act\), Pub. L. No. 116-136](#). All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of have funds recalled and reallocated.

552 Student Support Services (Longleaf Commitment) – Record the costs for these funds to expand evidence-based practices, including student advising, success coaching capacity and related investments (e.g., technology support). This is a federal award allocation funded under the [Governor’s Emergency Education Relief \(GEER\) Fund by the coronavirus Response and Relief Supplemental Appropriations Act, 2021 \(CRRSA\), Pub. L. No. 116-260](#). All funds are to be spent according to a specified

schedule. Failure to adhere to the expenditure schedule will put the college at risk of having funds recalled and reallocated.

941 Personal Protective Equipment – Record the cost for personal protective equipment necessary for expenditures incurred due to the public health emergency with respect to COVID-19 across the NC Community College system using the following initiatives funded through [2020 COVID-19 Recovery Act \(Session Law 2020-4\)](#):

- **Personal Protective Equipment** – Record the cost of Cleveland Community College to support costs for personal protective equipment and training related to COVID-19.
- **Equipment to test Personal Protective Equipment** – Record the cost of Catawba Valley Community College Manufacturing Solutions Center (MSC) to test personal protective equipment that will allow the MSC to establish a national PPE testing lab.
- **Personal Protective Equipment Clean Room** – Record the cost of Catawba Valley Community College Manufacturing Solutions Center (MSC) to test personal protective equipment that will allow the MSC to establish set up a clean room for testing PPE.
- **College approved COVID-19 equipment** – Record the cost of college's approved to purchase equipment using Online Skills Lab, Digital Literacy Training and Enrollment Growth allocations reflected above.

942 Health Care and First Responder Program Equipment – Record the cost to support health care and first responder (fire/rescue, EMT, law enforcement) program equipment in response to the COVID-19 pandemic. This is an allocation funded through [Coronavirus Relief Act \(Session Law 2020-97\)](#). All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of having funds recalled and reallocated.

943 Personal Protective Equipment and COVID-19 Testing - Equipment - Record the cost of personal protective equipment (PPE) and COVID-19 testing in response to the COVID-19 pandemic. This is an allocation funded through [Coronavirus Relief Act \(Session Law 2020-97\)](#). See purpose 513 for current operating costs. All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of having funds recalled and reallocated.

944 Rural College Broadband Access Allocation – Equipment - Record the cost to deliver critical, college specific IT infrastructure and network security improvements for 20 colleges serving students at campuses in our system's most rural and economically challenged regions caused by COVID-19. This is an allocation funded through [2020 COVID-19 Recovery Act \(Session Law 2020-4\)](#) and State Appropriation. See purpose 431 for current operating costs. All funds are to be spent according to a specified schedule. Failure to adhere to the expenditure schedule will put the college at risk of

having funds recalled and reallocated. ***This purpose code is only allowed to be used by colleges with an approved IT plan.***

V. Vocational Codes (Positions 6 and 7)

The vocational code is composed of two digits and is necessary to capture federal and state non-formula expenditures that can be spent across multiple purpose codes. The first digit denotes the major area which the funds are expended. The second digit has no special definition.

1. Career and Technical Education Program

Starting in academic year 2020-21, Vocational Codes 10-19 will be used to account for Carl D. Perkins Strengthening Career and Technical Education for the 21st Century Act (Perkins V) funds, as approved by the NCCCS Career and Technical Education Director, as well as the associated non-federal matching costs.

The term *Career and Technical Education (CTE)* means organized educational activities that (A) offer a sequence of courses that (i) provide individuals with rigorous academic content and relevant technical knowledge and skills needed to prepare for further education and careers in current or emerging professions; (ii) provides technical skill proficiency or a recognized postsecondary credential which may include an industry-recognized credential, a certificate, or an associate degree; and (iii) may include prerequisite courses (other than a remedial course) that meet the requirements of this subparagraph; and (B) include competency-based, work-based, or other applied learning that supports the development of academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of an industry, including entrepreneurship, of an individual.

The term *CTE Program of Study* is defined as a coordinated, nonduplicative sequence of academic and technical content at the secondary and postsecondary level. This includes all curriculum programs that do not begin with A10 (college transfer) C10, D10, T90, or P10.

Perkins V stipulates required and permissive uses of funds as outlined in section 135(b). Expenditures must be documented in the college's approved local plan and budget or in an approved modification to the local plan and budget. Expenditures that are not documented in the college's approved local plan and budget could result in disallowed costs.

2. Career and Technical Education Vocational Code Definitions

10 Administration – As stipulated by the Perkins V section 135(d), a college shall not use more than 5 percent of its allotment for **administrative expenses**. Administrative activities are those activities necessary for the effective and efficient performance of the eligible college's duties under Perkins V, including the supervision of such activities. Any cost that supports the management of the Perkins V program is administrative in nature. Examples of allowable administrative costs include, but are not limited to, salary costs associated with the development of the local plan.

The college's 5% maximum administrative expenses is reduced by the Workforce Innovation and Opportunity Act (WIOA) sec. 121(h), which requires all required partner programs of the one-stop delivery system to contribute to the infrastructure costs of the one-stop delivery system based on proportionate use and relative benefit received. These are non-personnel costs necessary for the general operation of the one-stop center, including: rental of facilities; utilities and maintenance; equipment; and technology to facilitate access.

Therefore, the total allotment approved by the State Board will be reduced by this amount. It is important that colleges pay attention to the total amount they can budget for administration (VOC Code 10) as listed on the State Board item.

For example: Alamance CC calculated allotment is \$250,627 (75,188+175,439). The WIOA infrastructure cost has been calculated to be \$126. The available administrative cost listed in the far right column is the total 5% admin minus the amount for the One-Stop.

Community College	Pell Grant Awards	Percent of Pell Grants	CTE Allotment		Infrastructure Costs^	Total Allotment 2019-20	Admin - 5%	Admin Costs Available
			July, Aug., Sept. 2019	Oct. 2018- June 2020				
			Approx. 30%	Approx. 70%				
Alamance CC	800	1.87%	\$75,188	\$175,439	(\$126)	\$250,501	\$12,531	\$12,405

It is important to note that administrative expenses may be used only in proportion to the grant expenditures. For example, if after the first quarter 25 percent of the grant has been spent, then 25 percent of the administrative funds may be billed to the grant.

11 Career exploration and career development (section 135 (b)(1)) - Provide career exploration and career development activities through an organized, systematic framework designed to aid students before enrolling and while participating in a career and technical education program, in making informed plans and decisions about future education and career opportunities and programs of study.

Funds **may** be used for activities that: focus on career exploration and awareness, provide labor market information, development of plans for graduation and career plans, guidance /career counselors that provide information on postsecondary education and career options, any other activity that advances knowledge of career opportunities and assists students in making informed decisions about future education and employment goals, including nontraditional fields, provides students with a strong understanding of all aspects of industry.

12 Professional Development (section 135(b)(2)) - provide professional development for teachers, faculty, school leaders, administrators, specialized instructional support personnel, career guidance and academic counselors, or paraprofessionals.

Funds **may** be used for activities that: Support training on the implementation of strategies to improve student achievement and close gaps in student

participation and performance; that provide opportunities to advance knowledge, skills, and understanding in pedagogical practices; training on how to provide appropriate accommodations for individuals with disabilities, and English language learners; provide advanced education and training leading to further credentials for faculty and staff that improve teaching and learning, provide opportunities to advance knowledge, skills, and understanding of all aspects of an industry.

13 Skill Attainment (section 135(b)(3)) - provide within career and technical education the skills necessary to pursue careers in high-skill, high-wage, or in-demand industry sectors or occupations.

Funds **may** be used for work-based learning opportunities; integration of employability skills; and other activities that increase student engagement and success including simulated work environments.

Any equipment purchased for this purpose must be listed under VOC Code 17.

14 Academic Integration (section 135(b)(4)) - support integration of academic skills into career and technical education programs and programs of study.

Funds may be used for instructional technology equipment that expands the use of technology to enhance teaching such as distance learning. Funds may also be used to support tutors.

15 Increase Student Achievement (section 135(b)(5)) - plan and carry out elements that support the implementation of career and technical education programs and programs of study and that result in increasing student achievement of the local levels of performance established under section 113.

Funds **may** be used for activities on: curriculum alignment; collaborative relationships; accelerated learning programs; activities that increase access; support for career and technical student organizations; support to reduce or eliminate out-of-pocket expenses for special populations participating in career and technical education; other activities to improve career and technical education programs.

16 Evaluation of CTE Programs (section 135(b)(6)) -develop and implement evaluations of the activities carried out with funds under this part, including evaluations necessary to complete the comprehensive local needs assessment.

17 Equipment (section 135(b)(5)(D)) – appropriate equipment, technology and instructional materials (including support for library resources).

Funds **may** be used for equipment that is aligned with business and industry needs, including machinery, testing equipment, tools, implements, hardware and software and other new emerging instructional materials.

18 Wages: Salary for faculty, staff, and other supportive personnel (not Administrative) (section 135(b)(5)(G))

Funds **may** be used for efforts to support salaries, recruit and retain career and technical education faculty, and staff, administrators, specialized instructional support personnel, career guidance and academic counselors and paraprofessionals. Indicate which VOC code activities each position is responsible for in the description.

Note: It is recommended faculty salaries, or other staff positions in FTE supported roles, should be funded for no more than 2 years with Perkins V funds.

19 Career and Technical Student Organizations (section 135(b)(5)(O)) support career and Technical student organizations. (It is recommended not more than 10% of allotment be used for this VOC Code)

Funds **may** be used for student preparation for and participation in technical skills competitions aligned with career and technical education or upgrade technical skills. Funds **may** be used to support individual members of special populations as defined by Perkins V section 3(48) in all aspects of participation in Career and Technical Student Organizations including membership dues, uniforms and other activities directly related to the CTSO that may present a financial barrier for participation. It is expected all other avenues of funding assistance will be exhausted before using Perkins funds for special populations assistance in CTSOs.

20 Non-Federal Matching – All instructional expenditures, including instructional equipment, from other funds sources for all curriculum programs except college transfer and developmental math/reading. Non-federal matching can also include curriculum instruction administrative and support expenditures associated with CTE, such as deans, directors and other curriculum program support personnel, student services of the admissions office, registrar, financial aid, and guidance and counseling.

However, colleges including any allowable non-instructional costs to non-federal match must keep detailed time records to substantiate the classification as non-federal match. Further, unless such timekeeping processes are in place, all student support and services should be coded to vocational code 97.

3. Other Vocational Codes

Vocational codes 21-99 are assigned by the System Office to track state funds special allotments and grant programs. Colleges are not allowed any other vocational codes in state funds except those assigned by the system office. Any expenditure charged to a vacant vocational code must be reclassified by the college. If a college is using a vacant vocational code for institutional or local accounting needs, the college must use the state definition for state funds when the vacant code is defined and assigned. Since the definition may change

annually based on the state funds budget process, only a current list of other vocational codes is provided here. Special allotments and grant programs are defined in the annual state funds budget package and in the specific grant award documents, respectively. See following list.

VI. Ledger Identification Codes (Position 8)

The type of account is determined by the first digit of the six-digit object code.

- 1. Asset**
- 2. Liability**
- 3. Fund Balance/Equity**
- 4. Revenue Accounts**
- 5. Expense Accounts**

VII. Object Codes (Positions 9, 10, 11, 12, and 13)

All object codes are described by a five-digit number preceded by the one-digit ledger identification. This number is structured and is increasingly descriptive as you move from left to right. Generally, the object codes have been defined by the first two digits in positions nine and ten, although some object codes have been defined to the twelfth or thirteenth digit. Although the college may not change the definition of an object, they may create more detailed objects by completing any digits unused by the System Office.

Use of objects other than those shown below is not allowed for state funds classification. The System Office may at any time necessary establish new object codes that have priority over any locally established expense object codes. Colleges are required to reclassify locally established codes should the System Office establish a conflicting statewide code.

Since the object subcomponent is independent from other parts of the general ledger account code components, they may be used in conjunction with any purpose or fund, other administrative rules notwithstanding.

11XXXX Current Assets

Cash and Cash Equivalents

- 110100 Petty Cash and Change Fund** – Record currency maintained for either paying small bills or making change during cash transactions.
- 110200 Cash in Bank-Non-Interest Bearing Accounts** – Record demand deposits available to the college in either institutional or county funds that do not earn interest. This account is not used with state funds.
- 110300 Cash in Bank-Interest Bearing Accounts** – Record demand deposits available to the college in either institutional or county funds. This account is not used with state funds.
- 110400 Cash Equivalents** – Record instruments in the possession of the college that may easily be converted to cash such as money market accounts, etc.
- 110600 Cash with Treasurer** – Record cash on deposit with the State Treasurer. This does not include the regular state disbursing account.
- 111100 Disbursing Account** – Record deposits made by the System Office and checks written on the account by the college. This account is used with state funds as the checking account.

- 111199 Claim on Cash** – Record internal colleague transactions to allocate cash to the individual self-balancing institutional funds from the overall institutional cash control account during accounts payable processing.
- 111555 Cash Receipts Clearing** – Record the internal colleague transactions to reclassify cash receipts from the accounts receivable control fund to the appropriate state, county, or institutional fund.

Investments

- 112000 Investments** - Record certificates of deposits, money market funds, stocks, bonds, or other securities of a relatively short-term nature. Such items are usually acquired to generate short-term income and recorded at the gross amount of the investment.
- 112010 U.S. Government Guaranteed Securities** – Record the notes, bonds, or other debt instruments issued by the U.S. Treasury and other U.S. governmental agencies.
- 112020 State and Municipal Debt Securities** – Record the notes, bonds, or other debt instruments issued by any State or its political subdivision (county, city, etc.)
- 112030 Corporate Bonds** – Record the unsecured and/or convertible bonds issued by a U.S. Corporation
- 112040 Corporate Stocks** – Record common stock, preferred stock and convertible preferred stock representing ownership interest in a U.S. Corporation.
- 112060 Commercial Paper** – Record a short-term obligation issued by banks, corporations and other borrowers to investors with temporary idle cash. Maturity can range from 2 to 270 days and such instruments are usually unsecured.
- 112090 Investment in Real Estate** –Record land and all physical property held for investment purposes (ex. Endowment fund property).
- 112130 Certificates of Deposits** – Record all negotiable or non-negotiable bank certificates of deposits (CDs).
- 112160 Money Market Funds** – Record all money market funds held at financial institutions. Money Market Funds are open-ended mutual fund that invests in various highly liquid securities.
- 112170 Mutual Funds** – Record all mutual fund investments that raise money from shareholders and invest in stocks, bonds, options, commodities or

money market securities in accordance with a state set of objectives. These funds offer the investor the advantage of diversification and professional financial management.

112230 Pooled Investments – Record funds held by a bank that are pooled together with other depositors' money and invested in investment pools managed and operated by the bank (i.e., life income pools).

112500 Allowance-Fair Value Investments – Record the adjustment from cost to fair value for investments outside the State Treasurer and not held by a fiscal agent.

Receivables

115100 Due from Private Grantors – Record a current receivable due to the college from any private grantor that is not a government entity.

115110 Due from Community College Component Units - Record amounts due from the college's Foundation, provided that under GASB 39 the Foundation is required to be presently discreetly.

115200 Due from County - Record a current receivable to record a claim which is due to be paid to the college by the county.

115300 Due from Federal Agencies - Record a current receivable due to the college directly from any federal agency.

115400 Due from State - Record a current receivable due to the college from a state agency, another community college, a university, or some other component unit of the state not specifically defined by other object codes.

115410 Due from NCCCS – Record a current receivable due to the college from the System Office. In most cases, this will represent amounts expended by the college for which they have not yet received reimbursement.

115500 Interest Receivable on Investments – Record a current receivable due to the college for any interest on investments earned but not yet received by the college.

115600 Due from Unrestricted Current Funds – Record a current receivable for any amounts owed from one fund at the college to another fund at the college.

115601 Due from Unrestricted Current Funds – AR – Record a current receivable for any amounts owed from one fund at the college to another fund at the college created by the custom cash module processing.

- 115700 Returned Checks** – Record a current receivable for checks that are made payable to the college that were returned by the bank.
- 115750 Accounts Receivable - Students** - Record a current receivable for any amounts owed to the college by students.
- 115760 Accounts Receivable – Sponsors** – Record a current receivable for any amounts owed to the college by sponsors.
- 115780 Allowance for Doubtful Accounts – Other** – Record that portion of accounts receivable other than student accounts receivable estimated not to be collectible.
- 115790 Allowance for Doubtful Accounts – Students** – Record that portion of student accounts receivable estimated not to be collectible.
- 115800 Notes Receivable** – Record a current receivable in cases where a receivable is secured by a signed instrument. Short-term loans should be included in this category.
- 115900 Other Current Receivables** - Record a current receivable for any amounts owed to the college that have not been provided for under another object code.
- 115950 Due from Vendors** - Record a current receivable for any amounts owed to the college by vendors caused by credits, returns, over-payments, etc.
- 116000 Prepaid Items** - Record the value of items which have been paid for, but not yet used. Typical of this situation is insurance that has been purchased but provides coverage for a future period. Entries to this account usually are made at the end of the accounting period as adjusting entries.

Inventories

- 117000 Inventories – Other** – Record the value of tangible personal property acquired for normal operations and supplies to be used in the production of goods and services that have not been provided for under another object code.
- 117060 Inventories – Central Stores** – Record the value of various custodial, maintenance, repair, safety, office, and computer supplies that the college holds centrally for use by departments on an as needed basis.
- 117100 Inventories - Merchandise For Resale** – Record the value of items purchased, usually for the bookstore, and intended for resale to students or others.

- 117200 Inventories - Supplies and Materials** – Record the value of consumable items that are intended for use within the college.
- 117300 Inventories - Gas and Oil** – Record the value of fuels that are stored for use in college vehicles or the physical plant.
- 117310 Inventories – Tires and Tubes** – Record the value of any tires and tubes stored for use in college vehicles or the physical plant.
- 117320 Inventories – Parts** - Record the value of any mechanical parts stored for use in college vehicles or the physical plant.
- 117330 Inventories – Other Vehicle and Equipment Supplies** - Record the value of any other supplies stored for use in college vehicles or the physical plant.
- 117400 Inventories - Postage** – Record the value of unused postage in the form of postage machine balance or stamps as an asset.
- 118000 Undrawn Grant Awards** – Record the value of any grants awarded where funds are available to the college but have not yet been drawn.

12XXXX Non-Current Assets

Non-Current Investments

- 121000 Restricted Cash and Cash Equivalents** – Record the value of cash and cash-like instruments subject to constraints externally imposed by grantors, contributors, or laws or regulations that limit its availability.
- 122000 Long-Term Investments** – Record the value of investments that are held or intended to be held for extended periods of time, usually greater than 12 months.
- 122010 U.S. Government Guaranteed Securities** – Record the value of securities issued by the U.S. Treasury and other U.S. governmental agencies, such as the Federal Home Loan Bank, Federal Loan Bank, Government National Mortgage Association (GNMA), and Federal National Mortgage Association (FNMA). Examples of the types of securities classified within this control would be notes, bonds, or other debt instruments which are issued by these U.S. governmental agencies.
- 122020 State and Municipal Debt Securities** – Record the value of notes, bonds, or other debt instruments issued by any State or its political subdivision, county, or city.

- 122030 Corporate Bonds** - Record the value of securities issued by a U.S. corporation. Some examples include unsecured and convertible bonds. The convertible bond is recorded to this object code until it is converted to stock.
- 122040 Corporate Stocks** – Record the value of securities that represent ownership interest possessed by shareholders in a U.S. corporation. Some examples include common stock, preferred stock, and convertible preferred stock.
- 122060 Commercial Paper** – Record the value of short-term instruments, with a maturity that can range from 2 to 270 days, issued by banks, corporations, and other borrowers to investors with temporarily idle cash. Such instruments are unsecured and usually discounted, although some are interest bearing. This type of instrument can be issued directly or through a broker. Almost all commercial paper is rated as to credit risk by rating services.
- 122090 Investment in Real Estate** – Record the value of land and all physical property related to it that is owned for investment purposes, such as endowment fund properties.
- 122130 Certificates of Deposits** – Record the value of all certificates of deposits (CD's) which are either negotiable or non-negotiable.
- 122160 Money Market Funds** – Record the value of money market funds at a financial institution. Money market funds are in effect an open-ended mutual fund that invests in various highly liquid securities. Such funds usually offer check writing privileges but are not federally insured.
- 122170 Mutual Funds** – Record the value of funds operated by an investment company that raises money from shareholders and invests it in stocks, bonds, options, commodities, or money market securities. These funds offer the investor the advantage of diversification and professional financial management.
- 122230 Pooled Investments** – Record the value of funds that are placed with a bank, pooled together with other depositors' money, and are invested in investment pools that are managed by the banks, such as life income pools. The internal investment pools reported under this object code are not openly traded mutual funds.

Non-Current Receivables

- 123000 Accounts Receivables – Students-Non-Current** - Record a non-current receivable for any amounts owed to the college by students which will not be collected until future fiscal periods.

- 123100 Accounts Receivables – Non-Current** - Record a non-current receivable for any amounts owed to the college that will not be collected until future fiscal periods that have not been provided for under another object code.
- 123150 Allowance for Doubtful Accounts – Students-Non-Current** - Record that portion of non-current student accounts receivable estimated not to be collectible.
- 123160 Allowance for Doubtful Accounts – Other** - Record that portion of non-current accounts receivable other than student accounts receivable estimated not to be collectible.
- 124090 Deferred Outflows for Pensions** - Record deferred outflows as defined by GASBS 68, Accounting and Financial Reporting for Pensions. Amounts reported in this account are amortized over time as pension expense. The account should only reflect the allocated portion of deferred outflows for that college for cost-sharing plans (TSERS) and any deferred outflows associated with single-employer plans administered by the college. See GASBS 68, Accounting and Financial Reporting for Pensions, for more information.
- 124091 Deferred Outflows for OPEB** - Record deferred outflows as defined by GASBS 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. Amounts reported in this account are amortized over time as OPEB expense. The account should only reflect the allocated portion of deferred outflows for that college for cost-sharing plans (Retiree Health Benefit Fund and Disability Income Plan of North Carolina) and any deferred outflows associated with single-employer plans administered by the college. See GASBS 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, for more information.
- 125000 Long-Term Notes and Loans Receivable** – Record a non-current receivable for all long-term notes and loans receivable. Specifically, this account should be used in conjunction with the various student loan funds in sufficient detail to record loan amounts canceled and repaid.
- 125100 Allowance for Uncollectible Notes Receivable** – Record that portion of long-term notes and loans receivable estimated not to be collectible.
- 128000 Work-in-Progress** - Record the cost of work performed to date on fixed assets, usually a building under construction, in the plant funds. The fixed asset may also involve improvements to land or equipment.

142XXX Pension/OPEB Assets

As a result of GASB Statements 68 and 75 and their amendments, pension, and other post-employment benefit (OPEB) plans, respectively, which hold assets in a

legally protected trust for the purposes of helping to meet pension and OPEB liabilities must be reported on the financial statements. Ideally, such a plan would have assets sufficient to cover the projected liabilities. If plan assets exceed the net pension or OPEB liability, an asset should be booked for the excess. This is where such asset would be recorded.

142080 Net Pension Asset - Record the excess of pension plan assets over actuarial net pension liability here. Currently, North Carolina has a net pension liability rather than asset so this account should not be used.

142090 Net OPEB Asset - Record the excess of OPEB plan assets over actuarial net OPEB liability here. Currently, North Carolina has a net OPEB asset, and that asset should be booked here.

16XXXX-19XXXX Intangible Assets, Capital Assets, Infrastructure, Right to Use Assets and Accumulated Depreciation & Amortization

A capital asset is property, such as land, land improvements, easements, buildings, equipment, works of art and historical treasures, and infrastructure, with a cost greater than or equal to \$5,000 and a useful life of two or more years. Capital assets are acquired for use in normal operations, are not for resale, must be capitalized and must be entered on the College's fixed asset inventory system. A physical inventory must be taken of inventoried assets at least once a year.

Capital outlay expenditures are recorded initially as expenses. The reclassification of capital items from expenditures to assets is usually done by periodic journal entry rather than item by item.

Intangible Assets

Intangible Assets are identifiable, non-monetary assets without physical substance and should be considered to have an indefinite useful life if there are no legal, contractual, regulatory, technological, or other factors that limit the useful life of the asset. Intangible assets with indefinite useful lives should not be amortized. Intangible assets with useful lives limited by legal or contractual provisions should be amortized over their estimated useful lives.

161000 Computer Software – In Development - Record the cost of work performed to date on internally generated software whose application development costs are expected to exceed the \$1,000,000 capitalization threshold for intangible assets. Computer Software in development should not be amortized.

162000 Patents – In Development - Record the cost of work performed to date on patents that are expected to exceed the \$1,000,000 capitalization threshold for intangible assets. Patents in development should not be amortized.

- 171000 Computer Software** – Record the cost of purchased or licensed software greater than \$100,000, and internally generated software whose application development costs exceed \$1,000,000. A modification or upgrade to existing internally generated computer software should be capitalized if the outlays associated with the modification equal or exceed \$1,000,000 and the modification results in an increase in the software's functionality, or efficiency, or extends the software's estimated useful life. Assets costing below the thresholds, and all other internal modifications to existing software, should be expensed.
- 172000 Patents** – Record the cost of obtaining the exclusive right granted by a government to manufacture, use, or sell an invention for a certain number of years.
- 173000 Other Intangible Assets-** Record the costs of other intangible assets not provided for in any other intangible object code, such as copyrights, trademarks, and water, timber and mineral land use rights. Land use rights associated with property already owned should not be reported as intangible assets separate from the property.

Capital Assets

- 181000 Office Furniture** - Record the cost of non-instructional furniture intended for use in college office spaces, such as desks, file cabinets and bookshelves.
- 181100 Office Equipment** – Record the costs of non-instructional office equipment such as adding machines, calculators, copiers, fax machines and printers.
- 182000 Data Processing Equipment** - Record the costs of all computer hardware and peripheral devices. Include all taxes, delivery expenses, installation expenses, operating software, and all apparatus of any type, necessary for the operation of the equipment.
- 183000 Educational Equipment** - Record the costs of equipment purchased for and used in instruction. Include all taxes, delivery, and installation expenses.
- 183500 Audio-Visual Materials** - Record the costs of audio-visual materials that were originally paid for from capital outlay funds that retain their original shape and appearance with use.
- 184000 Motor Vehicles** - Record the costs of all motor vehicles intended for general use throughout the college. Motor vehicles intended exclusively for instruction should be recorded as educational equipment.
- 185000 Other Equipment** - Record the costs of any other equipment that has not been provided for in any other capital asset object code.

- 186000 Art, Literature and Artifacts, Exhaustible** – Record the costs of works of art, literature, textbooks, library and learning resource collections, and other artifacts, whether held as individual items or in a collection, whose useful lives are diminished by display, educational, or research applications.
- 186100 Art, Literature and Artifacts, Inexhaustible** – Record the costs of works of art, literature, textbooks, library and learning resource collections, and other artifacts, whether held as individual items or in a collection whose useful lives are never diminished.
- 187000 Land** - Record the costs of the value of land owned by the college at the time of acquisition at purchase price plus costs that ready land for its intended use and produce permanent benefits, such as legal and recording fees. Donated land or land which is obtained by means other than purchase, is recorded at fair-market value based on appraisal at time of acquisition. Land is an inexhaustible capital asset that should not be depreciated.
- 187500 Improvements to Land** - Record the costs of permanent improvements made to land owned by the college such as retaining walls, excavation, fill, grading, utility installation, and the removal, relocation, or reconstruction of property of others, such as railroads and telephone and power lines. Land improvements are inexhaustible capital assets that should not be depreciated.
- 187600 Permanent Easements – Non-Depreciable** – Record the costs of legal rights or deed of grants given out in exchange for payment that do not expire and are never diminished.
- 188000 Buildings** - Record the costs of buildings purchased or constructed at the purchase or contract price. Buildings acquired by other than purchase are recorded at appraised value at the time of acquisition.

Infrastructure

Infrastructure Assets are long-lived capital assets that are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets. Buildings should not be considered infrastructure assets, except those that are an ancillary part of a network of infrastructure assets, such as water pumping buildings associated with water systems.

- 189000 Road Systems** – Record the value of roads designed for motor vehicle travel that are not part of the State Department of Transportation (DOT) or other road system. Road costs should include the costs of pavement, culverts, lighting systems, drainage systems, guardrails, markings, traffic control devices, signage, bridges, tunnels, and other buildings that are an ancillary part of the road system.

- 189001 Bridges** – Record the value of any structure owned by the college that carries a road or path across a ravine or other obstacle that are not part of the State DOT or other road system.
- 189002 Utility Systems** – Record the value of any water distribution systems, sanitary sewer collection systems, natural gas systems, electrical distribution systems, and telecommunication/fiber optics systems that are independent of a single building that are owned by the college.
- 189003 Dams** – Record the value of any barrier owned by the college that impounds water or underground streams.
- 189004 Exterior Lighting Systems** – Record the value of any pole lighting systems owned by the college that are not part of a State DOT or other road system.
- 189005 Tunnels** – Record the value of any underground passageways that are completely enclosed except for openings for entrance and exit, commonly at each end, owned by the college that are not part of a State DOT or other road system.
- 189006 Landscaping** – Record the value of shrubbery, trees, flowers and other gardening efforts that modify the visible features of an area of land. Exclude land improvements that produce permanent benefits.
- 189007 Towers, Tanks, and Wells** – Record the value of any water towers, tanks, or wells that are owned by the college.
- 189008 Fences** – Record the value of any barriers, railings, or other upright structure, typically of wood or wire, enclosing an area of ground to mark a boundary, or control access.
- 189009 Parking Areas** - Record the value of any designated areas, including lots and decks, reserved for parking motor vehicles at the college.
- 189010 Other Structures and Improvements** – Record the value of any other infrastructure items not provided for by other object codes, including sidewalks, curbs and gutters, irrigation systems, general signage, pedestrian bridges, paved paths, fountains, and swimming pools.

Accumulated Depreciation and Amortization

Accumulated depreciation represents the amount of a long-term asset's cost that has been allocated to depreciation expense since the time that the asset was acquired, as a result of usage or age. Accumulated Depreciation is a long-term contra asset account that records depreciation accumulated on property by periodic adjustments and is removed from the records via journal entry when property is disposed.

- 190000 Furniture** – Record the offset to depreciation expense for furniture owned by the college.
- 190001 Equipment** – Record the offset to depreciation expense for equipment owned by the college.
- 190002 Motor Vehicles** - Record the offset to depreciation expense for motor vehicles owned by the college.
- 190003 Art, Literature and Artifacts** - Record the offset to depreciation expense for exhaustible arts, literature and artifacts owned by the college.
- 190004 Buildings** - Record the offset to depreciation expense for buildings owned by the college.
- 190005 Road Systems** - Record the offset to depreciation expense for road systems owned by the college.
- 190006 Bridges** - Record the offset to depreciation expense for bridges owned by the college.
- 190007 Utility Systems** - Record the offset to depreciation expense for utility systems owned by the college.
- 190008 Dams** - Record the offset to depreciation expense for dams owned by the college.
- 190009 Exterior Lighting Systems** - Record the offset to depreciation expense for exterior lighting owned by the college.
- 190010 Tunnels** - Record the offset to depreciation expense for equipment owned by the college.
- 190011 Landscaping** - Record the offset to depreciation expense for equipment owned by the college.
- 190012 Towers, Tanks, and Wells** - Record the offset to depreciation expense for equipment owned by the college.
- 190013 Fences** - Record the offset to depreciation expense for equipment owned by the college.
- 190014 Parking Areas** - Record the offset to depreciation expense for equipment owned by the college.
- 190015 Other Structures and Improvements** - Record the offset to depreciation expense for equipment owned by the college.

- 190016 Accumulated Amortization – Computer Software** – Record the cumulative amount of all amortization expense that has so far been charged against a computer software intangible asset. Amortization is used to indicate the gradual consumption of an intangible asset over time.
- 190017 Accumulated Amortization – Patents** - Record the cumulative amount of all amortization expense that has so far been charged against a patent that is an intangible asset. Amortization is used to indicate the gradual consumption of an intangible asset over time.
- 190018 Accumulated Amortization – Other Intangible Assets** - Record the cumulative amount of all amortization expense that has so far been charged against any other intangible asset not provided for by the other object codes. Amortization is used to indicate the gradual consumption of an intangible asset over time.

23XXXX Current Liabilities

VIII. Unit Codes (Positions 13-18)

The Unit is used with expense accounts to organize the expenses into logical and otherwise undefined groups according to the needs of the college. Unit codes are required by the System Office for customized training projects and State Board approved grants processed through the 112 (2-12) so that these funds can be reported separately.

IX. Purpose Codes No Longer Used

- 150 Staff Development** - Eliminated July 1, 2009. Previously recorded the cost of providing activities for teaching faculty and non-teaching staff in the areas of technical content and skill upgrading.
- 210 Certificate programs** - Previously recorded expenses related to certificate programs in a separate purpose code, but now reported under Purpose 220 Curriculum Instruction as of July 1, 2013.
- 230 Diploma programs** - Previously recorded expenses related to diploma programs in a separate purpose code, but now reported under Purpose 220 Curriculum Instruction as of July 1, 2013.
- 240 Transitional programs** - Previously recorded expenses related to transitional programs in a separate purpose code, but now reported under Purpose 220 Curriculum Instruction as of July 1, 2013.
- 280 ARRA 12in6 Expenditures – Curriculum** - Previously recorded the cost of curriculum instruction for the JobsNOW program funded initially by the American Recovery and Reinvestment Act under the Workforce Investment Act (WIA). JobsNOW provided grants for local colleges to support capacity building, infrastructure enhancement and short-term training activities based on local labor market need. The goal of the “12 in 6” Project was to provide an infusion of instructional resources to support training activities in 12 occupational areas that could be completed in less than 6 months. The occupational areas identified were Nursing Assistant, Phlebotomy, Medical Coding, Office/Clerical Support, Masonry/Tile Cutting, Plumbing, Carpentry, Welding, Food Service, Autobody Repair, Manufacturing, and Industrial Maintenance.
- 281 ARRA 12in6 Expenditures – Curriculum Support** - Previously recorded the cost of curriculum support for the JobsNOW program funded initially by the American Recovery and Reinvestment Act under the Workforce Investment Act (WIA). JobsNOW provided grants for local colleges to support capacity building, infrastructure enhancement and short-term training activities based on local labor market need. The goal of the “12 in 6” Project was to provide an infusion of instructional resources to support training activities in 12 occupational areas that could be completed in less than 6 months. The

occupational areas identified were Nursing Assistant, Phlebotomy, Medical Coding, Office/Clerical Support, Masonry/Tile Cutting, Plumbing, Carpentry, Welding, Food Service, Autobody Repair, Manufacturing, and Industrial Maintenance.

- 320 Basic Skills Plus** – Effective July 1, 2021, this purpose code is no longer allowable for college use. See numbered memo [CC21-041](#) for more detail.
- 324 High School Equivalency (HSE) Testing** – Eliminated as of November 1, 2017, as this purpose code is no longer valid and should not be used with federal and/or state Basic Skills formula funds. Future costs associated with administering these tests may be charged to purpose 422 or similar non-Basic Skills administrative code, at the discretion of local management.
- 331 Community Service** - Previously recorded the costs of single courses, each complete, that focused on an individual's personal, or leisure needs rather than occupational or professional. This program included both cultural and civic components. It was eliminated July 1, 2009, because of the General Assembly eliminating Community Service block grant funds.
- 350 Human Resource Development** - Eliminated July 1, 2004, because of the General Assembly eliminating the Human Resource Development (HRD) block grant funds.
- 351 HRD – Career Start** - Eliminated July 1, 2009, as a result of the end of the Career Start program.
- 357 Basic Skills – Project Skill-Up (Calendar Year 2014)** – Previously recorded calendar year 2014 expenditures from grant funds awarded by the Tobacco Trust Fund to specific colleges to help individuals affected by the changes in the tobacco industry to update their current skills and provide them with additional marketable skills reflective of fast-growing occupations and/or new industries within their local communities. Project Skill-Up current operating costs are charged to vocational code 80 and equipment is charged to vocational code 88 in purpose 940.
- 358 Basic Skills – Project Skill-Up (Calendar Year 2015)** – Previously recorded calendar year 2015 expenditures from grant funds awarded by the Tobacco Trust Fund to specific colleges to help individuals affected by the changes in the tobacco industry to update their current skills and provide them with additional marketable skills reflective of fast-growing occupations and/or new industries within their local communities. Project Skill-Up current operating costs are charged to vocational code 80 and equipment is charged to vocational code 88 in purpose 940.
- 362 New and Expanding Industry Training – HB275** - Eliminated July 1, 2009, as HB275 funds are no longer available for this purpose.

- 366 Focused Industrial Training – HB275** - Eliminated July 1, 2008, as HB275 funds are no longer available for this purpose.
- 368 Customized Industry Training (CIT)** - Eliminated July 1, 2008, when NEIT, FIT, and CIT were consolidated into one program now called “Customized Training”.
- 380 ARRA 12in6 Continuing Education Instruction** - Previously recorded the cost of continuing education instruction for the JobsNOW program funded initially by the American Recovery and Reinvestment Act under the Workforce Investment Act (WIA). JobsNOW provided grants for local colleges to support capacity building, infrastructure enhancement and short-term training activities based on local labor market need. The goal of the “12 in 6” Project was to provide an infusion of instructional resources to support training activities in 12 occupational areas that could be completed in less than 6 months. The occupational areas identified were Nursing Assistant, Phlebotomy, Medical Coding, Office/Clerical Support, Masonry/Tile Cutting, Plumbing, Carpentry, Welding, Food Service, Autobody Repair, Manufacturing, and Industrial Maintenance.
- 381 ARRA 12in6 Continuing Education Support** - Previously recorded the cost of continuing education support for the JobsNOW program funded initially by the American Recovery and Reinvestment Act under the Workforce Investment Act (WIA). JobsNOW provided grants for local colleges to support capacity building, infrastructure enhancement and short-term training activities based on local labor market need. The goal of the “12 in 6” Project was to provide an infusion of instructional resources to support training activities in 12 occupational areas that could be completed in less than 6 months. - 423 CED Special Allotment** - Recorded the administrative and support cost associated with the Compensatory Education program of Basic Skills. It was eliminated effective July 1, 2009, because its purpose was obsolete.
- 440 Tech Prep** - Previously recorded expenditures for Title II of the Carl D. Perkins Career and Technical Education Act of 2006 that provided funding for Tech Prep programs. Tech Prep programs combined two years of secondary education with a minimum of two years of postsecondary education in a non-duplicative, sequential course of study. The program integrated academic and career and technical instruction; utilized work-based learning; built student competence in math, science, reading, writing, communications, economics, and workplace skills; and lead to an associate or baccalaureate degree, and/or placement in appropriate employment.

581 ARRA 12in6 Student Services - Previously recorded the cost of student services support for the JobsNOW program funded initially by the American Recovery and Reinvestment Act under the Workforce Investment Act (WIA).
