

1A SBCCC 200.2 State Planning

The State Board shall review the priorities of the system and adopt a system-level plan on at least a biennial basis, coordinated with the budget cycle. The plan shall take into account the current and future needs of the system and clarify the priorities essential to carrying out the mission of the system.

History Note: Authority G.S. 115D-5;

Eff. September 1, 1993.
