General and Uniform Regulations for Waiver of Tuition and Registration Fees

Definitions:

1. **Waive**: To exempt a student from paying a charge that would otherwise be required and adjust the student's account accordingly. The amount waived represents revenue foregone by the entity that would have otherwise received the benefit of the revenue.
2. **Tuition and Registration Fee Waiver**: A waiver that exempts an individual from paying curriculum tuition or continuing education registration fees established by the State Board pursuant to G.S. 115D-39 that would otherwise be required to enroll in a course and deposited with the State Treasurer. A tuition and registration fee waiver shall not be construed to mean inclusion of any other fees or charges (i.e. student fees, textbooks/supplies, insurance, etc.) that may be required for enrolling in a course or program. G.S. 115D-39 and G.S. 116-143 provide certain circumstances under which students who do not qualify as resident students may be charged in-state tuition. The difference between the out-of-state and in-state tuition rates is not considered a tuition waiver for the purposes of this document.
3. **Authorized Group/Organization**: A category of students that may be granted a tuition and/or registration fee waiver for courses per G.S. 115B-2, GS 115D-5(b), or Section 8.5 of S.L. 2011-145.
4. **Eligible Training**: Training that has been approved by the State Board of Community Colleges as being eligible to be waived for a specific authorized group, consistent with G.S. 115B-2, GS 11D-5(b), or Section 8.5 of S.L. 2011-145.
5. **Discount Code**: The code used within CIS (Colleague) that is associated with the appropriate general ledger account that accounts for the amount of continuing education registration fees that are waived.
6. **AR Code**: The code used within CIS (Colleague) that is associated with the appropriate general ledger account that accounts for the amount of curriculum tuition that is waived.

General Provisions:

1. **Authority and Scope:** Colleges are not authorized to waive tuition or registration fees due to the State unless expressly authorized by statute. This document provides guidance to colleges on the appropriate application of statutorily authorized tuition and registration fee waivers. The waiver of other fees and charges is governed by local policy and is beyond the scope of this document.
2. **Admission Requirements:** Persons in authorized groups must meet admission requirements and other standards considered appropriate by the local college or credentialing agency to enroll in courses for which the student is eligible for a waiver.
3. **Proof of Eligibility:** It is the responsibility of the individual to establish proof of eligibility.
4. **Reporting FTE:** Unless otherwise prohibited by law, students eligible for an authorized waiver shall be counted in the computation of enrollment for funding purposes (BFTE) in a manner consistent with non-waived students, assuming all applicable reporting requirements are met.
5. **Self-Supporting Courses:** The amounts charged to students enrolled in a self-supporting course are considered “self-supporting fees”, not tuition and registration fees. Therefore, tuition and registration fee waivers may not be granted to students enrolled in self-supporting courses. The college must charge the student the self-supporting fee or use institutional funds to pay for the self-supporting fee on the student’s behalf.
6. **Tuition and Remission Report:** In accordance to the Annual Reporting Plan, colleges are required to submit to the System Office a Tuition Remission Report, which summarizes the amount of tuition and registration fees waived on behalf of individuals who are members of authorized groups. The tuition remission report shall not include the waiver of any student charges not expressly authorized by statute.
7. **Individuals Who Are Members of More than One Authorized Group/Organization:** When a course section serves individuals that are members of more than one authorized group/organization, the college should set up the section so that all relevant discount/AR codes are listed in the Section Billing Screen (SECT -- SECB). If the relevant discount codes include CEVFR and/or CEVRS, this discount code(s) should be listed first prior to any other discount/AR codes. Additionally, the student's Additional Student Profile (ASPR) should also include discount/AR codes for all the authorized groups/organizations of which the student is a member. It does not matter what order the codes are listed on this screen
