

STATE BOARD OF COMMUNITY COLLEGES
Final Approval for Multi-Campus Center Designations:
Asheville-Buncombe Technical, Durham Technical, and Mitchell Community Colleges

Request: The State Board is requested to provide final approval designating the following campuses as Multi-Campus Centers (MCCs):

- Asheville-Buncombe Technical Community College: Woodfin Campus (20 Canoe Lane, Woodfin, North Carolina) – preliminary approval granted March 18, 2016.
- Durham Technical Community College: Orange County Campus (525 College Park Road, Hillsborough, NC) – preliminary approval granted October 30, 2015.
- Mitchell Community College: Mooresville Campus (219 Academy Street, Mooresville, NC) – preliminary approval granted September 18, 2015.

Background and Rationale: Previously the State Board granted preliminary approval to designate the above-referenced campuses as MCC locations. These preliminary approvals were contingent on the General Assembly appropriating additional funds to support the MCCs. The Joint Conference Committee Report on the Base, Capital, and Expansion Budgets dated June 28, 2016, includes \$1,553,733 for these locations, thus satisfying this contingency. Also, Asheville-Buncombe Technical Community College has satisfied its additional condition of final approval by submitting a copy of an executed long-term lease agreement between the College and the County of Buncombe for the property that constitutes the Woodfin Campus.
