

**STATE BOARD OF COMMUNITY COLLEGES**  
**Annual Survey of Fees 2013 - 2014**

**Background Information and Timelines:** On July 23, 2002, the System Office issued a memorandum regarding the “New State Board Policy Regarding Fees” (see CC02-150). This memorandum was an attempt to explain the rules governing the collection and use of a new “Computer Use and Technology Fee”, and the collection and use of specific, student activity and parking fees. The fee policies communicated through this numbered memo were in force during the 2013-14 academic year and governed the local fees reported in this annual survey.

On May 16, 2014 the State Board repealed “Title 1, Chapter E, Student Tuition and Fees” and adopted a new “Title 1, Chapter E, Student Tuition and Fees” of the SBCC Code. 1E SBCCC 700.1(e) of the newly adopted State Board Code states in part “*The college shall report all required local fees established by the board of trustees to the System Office on an annual basis as directed by the System Office.*” Local fees are defined as specific, student activity, and computer use and technology and parking fees.

**Current Procedures:** State Board policy regarding all four types of local fees permits the retention and expenditure of receipts collected locally. Because receipts are held in colleges’ institutional accounts, the Division cannot obtain this information without surveying the colleges. Local boards of trustees and their presidents have the authority to levy fees not inconsistent with the parameters established by the State Board. The results of the annual survey presented is for the time period FY 2013-2014. During FY 2013-2014 colleges were under the governance of the State Board Code that was repealed on May 16, 2014. The survey results are consistent with the parameters that were in effect at that time.

**Survey Results**

**Fee Types**

As noted, there are four types of fees that local boards may charge under the State Board policy that was in effect for FY 2013-14. They include:

1. Computer Use and Technology Fee
  - a. Curriculum (\$16 per semester maximum)
  - b. Continuing Education (\$5 per course maximum)
2. Student Activity Fee (\$65 per year maximum)
3. Parking Fee (no maximum)
4. Specific (Course) Fees (no maximum)

Listed below are the fees and rates that were approved on May16, 2014 for FY 2014-2015:

1. Computer Use and Technology Fee
  - a. Curriculum (\$48 per academic term)
  - b. Continuing Education (\$5 per course maximum)
2. Student Activity Fee (\$35 per academic term maximum)
3. Parking Fee (no maximum)
4. Specific (Course) Fees (no maximum)

**Executive Summary**

Note: Many of the year-to-year CHANGES are noted in Parenthesis ().

1. Computer Use and Technology Fee

a. Curriculum:

- 53 colleges (92%) charge a fee. This is an increase of one from the fiscal year 2012-13.
- Of the 53 colleges that charge a fee, 29 charge up to the \$16 per academic term maximum permitted, while another 13 charge \$1 per credit hour up to the \$16 maximum. Three of those 53 colleges waive the fee for the summer term. No colleges charge more than the \$16 per academic term maximum. The maximum charge permitted for fiscal year 2014-15 is \$48 per academic term.
- For the fiscal year, colleges expended \$4,726,129.50 (+981,138.21) and had on-hand a cash balance of \$18,080,827.74 (+\$1,532,473.52).
- The cash balance may be used for the procurement, operations and repair of computer and other instructional technology, including supplies and materials that support the technology.
- The receipts collected from the fee charge must be for the benefit of the students who paid the fee, not for administrative purposes.

b. Continuing Education:

- 33 colleges (57%) charge a fee, a decrease of one from fiscal year 2012-13.
- Of the 33 that charge a fee, 27 (-2) charge the \$5 per course maximum permitted, one charges up to \$4, and five charge up to \$3. Two colleges waive the fee for the summer term.
- For the fiscal year, colleges expended \$56,818.87 (-\$71,446.10) and had on-hand a cash balance of \$889,400.50 (+\$180,633.43).
- The cash balance may be used for exactly the same purposes noted for Curriculum.

2. Student Activity Fees

- All 58 of the colleges charge a student activity fee during the fall and spring semesters. No colleges charge more than the \$65 maximum permitted in fiscal year 2013-14. 31 (54%) don't charge a fee during the summer term. In fiscal year 2014-15 the maximum charge permitted is \$35 per academic term.
- For the fiscal year, colleges expended \$9,603,830.62 (+\$35,054.40) and had on-hand a cash balance of \$7,598,200.30 (+\$212,825.40).
- The receipts that are collected from the fee shall be used to support student activities.
- Student activities include the Student Government Association, scholarships, student functions and events, athletics, clubs, graduation expenses, I.D.'s, and student publications.
- Of the funds expended in fiscal year 2013-14, 33% were for student functions and events, 17% for the SGA, 24% for staff salaries, 19% for athletics, and 7% among other student purposes.

3. Parking Fees

- 34 colleges (59%) charge a parking fee, an increase of two from FY 2012-2013. Of the 34 colleges, four waive this fee during the summer term.
- While there is no maximum that can be charged, as State Board policy leaves this up to the local Board of Trustees, the range charged was from \$1 to \$88 per semester. The most common charges were between \$5 and \$15 per semester.
- Those colleges with significant to severe parking problems had higher charges. Colleges are also appropriately charging parking fees to cover the need for increased security in parking lots, especially at night.
- Expenditures for the fiscal year totaled \$8,426,450.44 (-\$5,244,231.64), and the funds balance at year-end was \$10,050,533.67 (+\$685,028.04). Of the funds expended, Paving/Resurfacing (5%), Security (44%), and Other (51%) were the major categories of expenditures.

4. Specific (Course) Fees

- Specific fees are used for the purposes for which they are charged and collected, including consumables expended in the instructional process, including tools, uniforms, lab supplies, etc.
- In the survey, colleges were asked to provide a list, to be retained by the Division of Finance and Operations, of the fees charged. There is no significant rationale for keeping the balances of these fees, as they are turned over with the classes or activities offered.
