

**STATE BOARD OF COMMUNITY COLLEGES  
Reorganization of System Office Position**

**Request:** The State Board is asked to approve the reorganization of position #60087992 from the Executive Division to the Program Affairs Division.

**Background:** Funding for each System Office division is budgeted in a separate fund code. The State Budget Act prohibits State agencies from transferring funds on a recurring basis between fund codes. Therefore, the System Office cannot reallocate a position from one division to another without General Assembly authority. As the State Board's request, Section 9.1 of S.L. 2017-57 (Appropriations Act of 2017), as amended by Section 9.1 of S.L. 2018-5 (Appropriations Act of 2018), grants the System President authority for the 2017-2019 fiscal to reorganize the System Office, subject to the State Board's approval.

**Rationale:** Any time a position becomes vacant, System Office management reviews the position to determine whether it is needed for the same purpose or should be reallocated to a different purpose. The NC Student Success Center has been supported by grants for the past three years, but these grants conclude at the end of this fiscal year. The reorganization of this position is one of the steps needed to continue to the work of the Student Success Center by shifting the center's staff to state-supported positions.
