

**State Board of Community Colleges
Career-and-College-Ready Graduate Alignment Partnership**

The NC Community College System Office provides oversight for the Career-and-College-Ready Graduate Alignment Partnership (CCRAGP). It is the purpose of the CCRAGP to develop model programs, beginning in the 2016-17 school year that introduce developmental mathematics and developmental reading and English curriculums in the high school senior year and provide opportunities for college remediation for students prior to high school graduation through cooperation with community college partners.

NCCCS and DPI are partnering to support the goal of students successfully graduating from public high schools who are career and college ready.
