

STATE BOARD OF COMMUNITY COLLEGES

Curriculum Program Terminations As Approved by the System President

Information: The System President has approved the terminations as listed below:

Background: 1D SBCCC 400.95(b) states the following: *The college shall terminate a curriculum program when there has been no enrollment for two years; a college may request an one-year extension of a curriculum program upon justification of the potential for employment opportunities and student enrollment.*

On December 5, 2016, the System Office sent a letter to fifty-one colleges to notify them of programs that had not demonstrated enrollment in over two years. The letter requested that they either send in a program termination request or provide justification and a request for an extension. Most of the terminations below resulted from this request.
