

STATE BOARD OF COMMUNITY COLLEGES

**Curriculum Program Terminations
As Approved by the System President**

1D SBCCC 400.95(b) states the following:

The college shall terminate a curriculum program when there has been no enrollment for two years; a college may request an one-year extension of a curriculum program upon justification of the potential for employment opportunities and student enrollment.

On April 17, 2015, the System Office sent a letter to fifty-five colleges to notify them of programs that had not demonstrated enrollment in over two years. The letter requested that they either send in a program termination request or provide justification and a request for an extension.
