EMS 3092	Emergency Vehicle Operator	10	16	3

**Description:** Emergency Vehicle Operator is a defensive driving program that teaches practical driving techniques. The student will focus on the operator's ability to assess traffic situations, act accordingly, and prevent collisions in emergency and non-emergency situations.

**Rationale:**

- The NCCCS EMS Advisory Committee recommended increasing hours to align with the various Emergency Vehicle Operator courses that meet current industry standards. They recommended a revision to the course description to remove references to any specific vendor.
