

**PROGRAM APPLICATION
SUMMARY EVALUATION REPORT
Piedmont Community College
Public Safety Administration (A55xxx)**

Program Planning: Piedmont Community College is seeking approval for the new-to-the-system Public Safety Administration (A55xxx) program to begin Fall, 2019. The planning area is defined as the college's service area of Caswell and Person counties. All colleges were notified of the planning process for this program.

The proposed program was approved by the Board of Trustees at Piedmont Community College on January 24, 2019. Minutes from this Board meeting were attached to the program application. The President and the Board of Trustees of Piedmont Community College have certified the following:

- The proposed program will enhance the workforce of North Carolina, will provide educational and training opportunities consistent with the mission of the college, and will not duplicate the opportunities currently offered.
- They have assessed the need for the proposed program and the resources required to maintain a viable program and certify that the college can operate the proposed program efficiently and effectively within the resources available to the college.
- The college will complete a program accountability report including student success measures, enrollment trends, completion rates, and employment data three years after implementation of the program.

Program Rationale: Piedmont Community College (PCC) indicates the following:

- Local employment opportunities are excellent for individuals pursuing a career in public service including 911 operators, detention officers, sheriff's office employees, and volunteer and full-time fire and rescue workers. A local college survey indicated that there are over 200 such paid positions available in Caswell and Person counties.
- Economic Modeling Specialists International (EMSI) projected an increase of 8% in law enforcement positions nationally over the next ten years. Other governmental supervisory positions are expected to increase by 10%. Security guard positions are expected to rise 6%. Median pay for police and detectives is \$62,960 nationally.
- The program is fully supported by the NC Criminal Justice Education and Training Standards Commission (NCCJ Commission) and the NC Private Protection Services Board that also provided letters of support.
- The college received letters of support for the program from the Caswell County Sheriff's Office, Caswell County Emergency Services, Roxboro Fire Department, Roxboro Police Department, Person County Sheriff's Office, Person County Department of Emergency Services (Director), Person County Department of Emergency Services (EMS Operations), and Person County Department of Emergency Services (911 Operations).

- The program is supported by members of the Higher Education Committee of the NCCJ Commission which includes Appalachian State University, Gardner-Webb University, Wake Technical CC, and the NC Justice Academy. Several community colleges also showed support for the proposed Public Safety Administration program.
- The college currently offers many of the courses that constitute the program and plans on offering Career and College Promise pathways from secondary education that have already proven successful. The college believes that the proposed program will also provide an excellent professional development opportunity for the many incumbent workers currently employed in public safety within their service area.

Impact of the Proposed Program on Other Programs: The proposed program is new to the system. The most similar programs would be Criminal Justice technology (A55180), Emergency Management (A55460), and Fire Protection Technology (A55240). An impact assessment was sent to colleges located in contiguous counties. **No negative impact responses were received.**

Implementation of Collaborative Plan: Not Applicable

Curriculum Design: The proposed program of study is in compliance with the proposed curriculum standard.

Curriculum Description as Designated on Curriculum Standard: The Public Safety Administration curriculum is designed to provide students, as well as practitioners, with knowledge and skills in the technical, managerial, and administrative areas necessary for entrance or advancement within various public safety and government organizations. Course work in diverse subject areas includes public service administration and education, interagency operations, crisis leadership, government and agency financial management, professional standards, incident management, administrative law, and supervision, while providing a streamlined pathway that recognizes the value of previously earned skillsets and credentials within the public safety sector. Employment opportunities exist with fire or police departments, emergency management organizations, governmental agencies, industrial firms, correctional facilities, private industries, insurance organizations, educational organizations, security and protective organizations, and through self-employment opportunities.

3 SHC

0-3 SHC

Optional

4. Natural Sciences/Mathematics: N/A

MAT 143 Quantitative Literacy (3) *or* (UGETC)

3 SHC

0-3 SHC

Optional

MAT 152 Statistical Methods I (3) (UGETC)

II. Major Hours. AAS, diploma, and certificate programs must include courses which offer specific job knowledge and skills. Work-based learning may be included in associate in applied science degrees up to a maximum of 8 semester hours of credit; in diploma programs up to a maximum of 4 semester hours of credit; and in certificate programs up to a maximum of 2 semester hours of credit. Below is a description of each section under Major Hours.

A. Technical Core. The technical core is comprised of specific courses which are required for all Program Majors under this Curriculum Standard. A diploma program offered under an approved AAS program standard or a certificate which is the highest credential level awarded under an approved AAS program standard must include a minimum of 12 semester hours credit derived from the curriculum core courses or core subject area of the AAS program.

B. Program Major(s). The Program Major must include a minimum of 12 semester hour's credit from required subjects and/or courses. The Program Major is in addition to the technical core.

C. Other Major Hours. Other major hours must be selected from prefixes listed on the curriculum standard. A maximum of 9 semester hours of credit may be selected from each prefix listed, with the exception of prefixes listed in the core.

Public Safety Administration A55xxx	AAS	Diploma	Certificate

Up to two semester hour credits may be selected from ACA.</p> <p>Up to three semester hour credits may be selected from the following prefixes: ARA, ASL, CHI, FRE, GER, ITA, JPN, LAT, POR, RUS and SPA</p>			

IV. Employability Competencies

Fundamental competencies that address soft skills vital to employability, personal, and professional success are listed below. Colleges are encouraged to integrate these competencies into the curriculum by embedding appropriate student learning outcomes into one or more courses or through alternative methods.

- A. **Interpersonal Skills and Teamwork** – The ability to work effectively with others, especially to analyze situations, establish priorities, and apply resources for solving problems or accomplishing tasks.
- B. **Communication** – The ability to effectively exchange ideas and information with others through oral, written, or visual means.
- C. **Integrity and Professionalism** – Workplace behaviors that relate to ethical standards, honesty, fairness, respect, responsibility, self-control, criticism and demeanor.
- D. **Problem-solving** – The ability to identify problems and potential causes while developing and implementing practical action plans for solutions.
- E. **Initiative and Dependability** – Workplace behaviors that relate to seeking out new responsibilities, establishing and meeting goals, completing tasks, following directions, complying with rules, and consistent reliability.
- F. **Information processing** – The ability to acquire, evaluate, organize, manage, and interpret information.
- G. **Adaptability and Lifelong Learning** – The ability to learn and apply new knowledge and skills and adapt to changing technologies, methods, processes, work environments, organizational structures and management practices.
- H. **Entrepreneurship** – The knowledge and skills necessary to create opportunities and develop as an employee or self-employed business owner.

**An Employability Skills Resource Toolkit has been developed by NC-NET for the competencies listed above. Additional information is located at: <http://www.nc-net.info/employability.php>*

***The North Carolina Career Clusters Guide was developed by the North Carolina Department of Public Instruction and the North Carolina Community College system to link the academic and Career and Technical Education programs at the secondary and postsecondary levels to increase student achievement. Additional information about Career Clusters is located at: http://www.nc-net.info/NC_career_clusters_guide.php or <http://www.careertech.org>.*

Proposed Security and Loss Prevention Services Core Courses

CJC-152

Intro to Sec/Protect Service

Class	3	Lab	0	Clinical	0	Work	0	Credit	3
-------	---	-----	---	----------	---	------	---	--------	---

This course introduces the various components, processes, and operational characteristics associated with private security and loss prevention services. Topics include armed/unarmed security guard/officer hiring criteria including licensing, job responsibilities, career pathways, professional conduct and communication, public relations, emergency procedures, law, first aide, legal issues and liability, workplace violence, patrol techniques, and the security industry. Upon completion, students should be able to evaluate career options and define and describe the major system components, processes, and operational characteristics associated with the private security industry.

CJC-153

Private Security Operations

Class	3	Lab	0	Clinical	0	Work	0	Credit	3
-------	---	-----	---	----------	---	------	---	--------	---

This course introduces the various operations associated with private security and loss prevention services. Topics include strategies for protecting individuals and company assets, report writing, interview techniques, crime and accident prevention, courtroom procedures, observation techniques, traffic direction, surveillance, substance abuse, law enforcement relationships, and emergency procedures. Upon completion, students should be able to demonstrate an understanding of the various operational characteristics common to the private security industry.

CJC-154

Private Security Business

Class	3	Lab	0	Clinical	0	Work	0	Credit	3
-------	---	-----	---	----------	---	------	---	--------	---

This course introduces the business and managerial aspects specific to private security and loss prevention services. Topics include profitability, personnel management, finances, rules, policies, and law, organizational structure, sales management, and issues specific to private security and loss prevention services. Upon completion, students should be able to explain the basic characteristics required of an effective private security and loss prevention services business.
