

**STATE BOARD OF COMMUNITY COLLEGES**  
Associate in Engineering (A10500) Program Application

Associate in Engineering program applications must include the following items in order to be placed on the Associate in Engineering program approval request presented to the State Board of Community Colleges as part of the consent agenda:

1. Letter of request from the President of the College indicating the proposed effective term.
2. Copy of the proposed program of study which is in compliance with the AE curriculum standard.
3. Copy of the minutes from the Board of Trustees meeting(s) where the proposed program was discussed and approved.
4. Certification of the following which is signed by the college President and Board of Trustees chair:
  - a. *The program will enhance the workforce of North Carolina, and will provide educational and training opportunities consistent with the mission of the college.*
  - b. *The college has assessed the need for the program and the facilities and resources required to maintain a viable program and certifies that the college can operate this program efficiently and effectively within the facilities and resources available to the college.*
  - c. *The college has evidence of sufficient student demand to offer the program and will provide master's credentialed faculty for each course provided under the Associate in Engineering degree.*

The State Board of Community Colleges is asked to approve the curriculum program at the listed college, which has met the criteria above, with an effective term of Fall 2016:

**Associate in Engineering (A10500)**  
Tri-County Community College
