

**STATE BOARD OF COMMUNITY COLLEGES**  
**Curriculum Program Terminations As Approved by the System President**

**Information:** The State Board of the North Carolina Community College System, through delegated authority to the System President, approved the program terminations listed below:

**Background:** 1D SBCCC 400.6 (b) states the following: *The college shall terminate a curriculum program when there has been no enrollment for two consecutive years or if the college has not offered the program or has not had enrollment in the program within two years of the date the program was approved by the State Board of Community Colleges. A college may request a one-year extension of a curriculum program upon justification of the potential for employment opportunities and student enrollment.*

**Asheville-Buncombe Technical Community College**  
**Pharmacy Technology (A45580)**

**Rationale:** Low Enrollment. The college states dwindling enrollment and retention. Much of the lack of interest is due to current hiring practices in the industry not requiring a credit bearing credential. Local pharmacies are training on the job or students are training in continuing education programs.

**Termination Semester: Spring 2023**

**College of The Albemarle**  
**Office Administration (A25370)**

**Rationale:** Low Enrollment. Students are more interested in similar programs including, Business Administration (A25120), Medical Office Administration (A25310), and Information Technology (A25590). The college will continue offering office administration courses and credentials under existing business technology related programs

**Termination Semester: Fall 2022**

**Sustainable Agriculture (A15440)**

**Rationale:** No Enrollment. The program was never offered. The college decided to offer the Agribusiness Technology program instead of Sustainable Agriculture. They determined that the Agribusiness program was better aligned with regional needs and provided more opportunities for students to transfer to a four-year university.

**Termination Semester: Fall 2022**

**Edgecombe Community College**  
**Entrepreneurship (A25490)**

**Rationale:** No Enrollment. Due to low student interest in the program, the college is terminating the program. The college will continue offering entrepreneurship related courses and credentials under the existing Business Administration (A25120) program, as demand arises.

**Termination Semester: Fall 2022**

**Historic Preservation Technology (A35110)**

**Rationale:** No Enrollment. The program suffered from ongoing enrollment issues which made offering it unsustainable. There was very limited student interest in this program. Edgecombe CC was the only college offering Historic Preservation.

**Termination Semester: Fall 2022**

**Hunting & Shooting Sports Management (A25600)**

**Rationale:** No Enrollment. Due to low student interest in the program and new trends in the hunting and shooting sports management industry in the college's service area, the college is terminating the program. The college will continue offering related courses and credentials under the existing Business Administration (A25120) program, as demand arises.

**Termination Semester: Fall 2022**
