

STATE BOARD OF COMMUNITY COLLEGES

Curriculum Program Terminations  
As Approved by the System President

*In October of 2013, the System Office requested that college staff review programs that had demonstrated a lack of enrollment for the last two years in accordance with 1D SBCCC 400.95(b) which states:  
“The college shall terminate a curriculum program when there has been no enrollment for two years...”*

**The System President has approved the terminations as listed below:**

**Blue Ridge Community College**

Health Unit Coordinator (Certificate) (C25220)

**Rationale:** Local employers and students are more interested in a general office administration degree, which includes healthcare business related courses. The college will continue to offer healthcare business related courses under the Office Administration (A25370) program.

Termination Semester: **Fall 2013**

**Central Piedmont Community College**

Associate in General Education (A10300)

**Rationale:** Feedback from the Southern Association of Colleges and Schools indicated that the program did not meet the standard for a coherent program of study.

Termination Semester: **Spring 2014**

**Davidson County Community College**

Business Administrative/Logistics Management (A2512E)

**Rationale:** The college plans to utilize the Global Logistics Technology (A25170) program, which provides better alignment with industry needs and student interest.

Termination Semester: **Spring 2014**

**Contact Person:**

Ms. Jennifer Frazelle, Director
