

STATE BOARD OF COMMUNITY COLLEGES

Comprehensive Articulation Agreement  
Transfer Course List

The following courses were removed from the Transfer Course List due to low or no enrollment:

PHS 121 Applied Physical Science I  
SOC 252 Sociology of Work

The Transfer Advisory Committee supported the removal of the courses from the Transfer Course List. *The courses were inadvertently left on the Transfer Course List that was approved by the State Board of Community Colleges and the Board of Governors on February 21, 2014.*

The following courses were on the previous Transfer Course List with an indicator (\*) that they were available at select institutions. Since these courses do not transfer to all UNC institutions, they will be removed from the Transfer Course List.

EDU 216 Foundations in Education  
EDU 221 Children with Exceptionality

Community Colleges that have a bi-lateral articulation agreement with a senior institution may offer these courses if the bilateral agreement includes them.
