

STATE BOARD OF COMMUNITY COLLEGES
CURRICULUM STANDARD REVISIONS

The State Board is asked to approve revisions to the following curriculum standards:

Forsyth Technical Community College
Nanotechnology (A20190)

Randolph Community College
Interior Design (A30220)

Contact Person:

Jennifer Frazelle, Director
Academic Programs
919.807.7120

frazellej@nccommunitycolleges.edu

CURRICULUM STANDARD REVISION

**Forsyth Technical Community College
Nanotechnology (A20190)**

Forsyth Technical Community College is seeking approval to revise the Nanotechnology (A20190) curriculum standard, effective Fall 2015.

Proposed Revision:

- Remove the following course as an option to the required subject area of Mathematics:

MAT 162 College Trigonometry

- Add the following course as an option to the required subject area of Mathematics:

MAT 172 Precalculus Trigonometry

**Note: The proposed curriculum standard revision includes revised course titles approved by the Curriculum Review Committee (CRC) on October 14, 2014.*

Rationale of Requesting College: The college requests that MAT 162 be removed from the curriculum standard since the course was archived by the Curriculum Review Committee with an end term of summer 2015. They would like to add MAT 172 as an appropriate option for students enrolled in the program.

Forsyth Technical Community College is the only college approved to offer the Nanotechnology (A20190) program.

Coordinator: Renee Batts

PROPOSED CURRICULUM STANDARD

<i>Effective Term</i>
Spring 2011
Fall 2015
[2011*01]
[2015*03]

Curriculum Program Title	Nanotechnology	Code	A20190
Concentration	(not applicable)		CIP Code: 15.1601

Curriculum Description

The Nanotechnology curriculum prepares students to characterize and fabricate materials for biological, textile, chemical, and electrical applications at the atomic level.

Course work includes biology, chemistry, physics, mathematics, and an extensive array of very detailed nanotechnology-specific courses, using high-tech equipment and complying with high-precision quality control and clean-room protocols with a multidisciplinary focus.

Graduates should qualify for various positions in industry and government, including research and development, materials testing and processing, optics and sensors, electron microscopy, and emerging nanotechnology industries.

*Curriculum Requirements**

[for associate degree, diploma, and certificate programs in accordance with ID SBCCC 400.97 (3)]

- I. General Education.** Degree programs must contain a minimum of 15 semester hours including at least one course from each of the following areas: humanities/fine arts, social/behavioral sciences, and natural sciences/mathematics. Degree programs must contain a minimum of 6 semester hours of communications. Diploma programs must contain a minimum of 6 semester hours of general education; 3 semester hours must be in communications. General education is optional in certificate programs.
- II. Major Hours.** AAS, diploma, and certificate programs must include courses which offer specific job knowledge and skills. Work-based learning may be included in associate in applied science degrees up to a maximum of 8 semester hours of credit; in diploma programs up to a maximum of 4 semester hours of credit; and in certificate programs up to a maximum of 2 semester hours of credit. *(See second page for additional information.)*
- III. Other Required Hours.** A college may include courses to meet graduation or local employer requirements in a certificate, diploma, or associate in applied science program. These curriculum courses shall be selected from the Combined Course Library and must be approved by the System Office prior to implementation. Restricted, unique, or free elective courses may not be included as other required hours.

	AAS	Diploma	Certificate
Minimum General Education Hours	15	6	0
Minimum Major Hours	49	30	12
Other Required Hours	0-7	0-4	0-1
Total Semester Hours Credit (SHC)	64-76	36-48	12-18

**Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic use of computers.*

Proposed

Major Hours

[ref. 1D SBCCC 400.97 (3)]

- A. Core.** The subject/course core is comprised of subject areas and/or specific courses which are required for each curriculum program. A diploma program offered under an approved AAS program standard or a certificate which is the highest credential level awarded under an approved AAS program standard must include a minimum of 12 semester hours credit derived from the subject/course core of the AAS program.
- B. Concentration** (if applicable). A concentration of study must include a minimum of 12 semester hours credit from required subjects and/or courses. The majority of the course credit hours are unique to the concentration. The required subjects and/or courses that make up the concentration of study are in addition to the required subject/course core.
- C. Other Major Hours.** Other major hours must be selected from prefixes listed on the curriculum standard. A maximum of 9 semester hours of credit may be selected from any prefix listed, with the exception of prefixes listed in the core or concentration. Work-based learning may be included in associate in applied science degrees up to a maximum of 8 semester hours of credit; in diploma programs up to a maximum of 4 semester hours of credit; and in certificate programs up to a maximum of 2 semester hours of credit.

Nanotechnology A20190

	AAS	Diploma	Certificate
Minimum Major Hours Required	49 SHC	30 SHC	12 SHC

CURRICULUM STANDARD REVISION

**Randolph Community College
Interior Design (A30220)**

Randolph Community College is seeking approval to revise the Interior Design (A30220) curriculum standard, effective Fall 2015.

Proposed Revisions

- Revise the curriculum description.
- Remove the following course from the required Core:

DES 225 Textiles for Interiors

The deletion of DES 225 from the Core will result in a change of hours from 30-31 to 27-28 required semester hour credits for the Core.

**Note: The proposed curriculum standard revision includes revised course titles approved by the Curriculum Review Committee (CRC) on October 14, 2014.*

Rationale of Requesting College: The requested revisions are a result of a collaborative effort between four colleges that offer the Interior Design program. The proposed curriculum description will provide more relevant terminology. The removal of DES 225 from the Core will allow for the ability to infuse more specialty courses to meet the needs of the local service area such as sustainability, kitchen and bath etc... Colleges that wish to utilize DES 225 could add this course to the “other major hour” category of their local program. In addition, the content of DES 225 can be interspersed through numerous other courses in the curriculum.

Vote Results:

Colleges approved to offer the program:	6
Colleges in favor of the recommendations:	4
Colleges that did not respond:	2

Curriculum Program Title

Interior Design

Code

A30220

Concentration

(not applicable)

Curriculum Description

The Interior Design curriculum is designed to prepare students for a variety of job opportunities in the field of both residential and non-residential interior design. The focus of the studies is technical knowledge, professional practices, and aesthetic principles and design process.

Curriculum content includes residential and non-residential interior design, architectural drafting, computer-aided design, and universal design. Also included are basic design, code standards, history of interiors and furnishings, color theory, products, business professional practices, graphic visual presentations, and sustainable principles. ~~general education courses.~~

Graduates should qualify for interior design opportunities in numerous residential and commercial environments such as hospitality, corporate, mercantile, educational, and healthcare. Interior designers also have employment opportunities in real estate, entertainment, visual merchandising, government, sales and marketing, and other specialties dealing with interiors. ~~a variety of jobs including residential and commercial interior design, set design, showroom design, and sales positions for furniture, textiles and accessories, and all businesses dealing with interiors.~~

*Curriculum Requirements**

**STATE BOARD OF COMMUNITY COLLEGES
REVISED CURRICULUM STANDARDS**

The State Board is asked to approve the following curriculum standard revision on behalf of the participants of the Nursing Assistant Curriculum Revision Grant Project for 2013-2014:

Nursing Assistant (Certificate) (C45480)

The State Board is asked to approve the following curriculum standard revision on behalf of the participants of Practical Nursing Curriculum Revision Grant Project for 2013-2014:

Practical Nursing (Diploma) (D45660)

Rowan-Cabarrus Community College served as the lead college for both projects.

CURRICULUM STANDARD REVISION

**Nursing Assistant (Certificate) (C45480)
Nursing Assistant Curriculum Revision Grant Project for 2013-2014**

As a result of the recommendations of the Nursing Assistant (Certificate) (C45480) Curriculum Revision Grant Project participants, the State Board is requested to approve the following:

Proposed Revisions

- Change curriculum standard title from *Nursing Assistant* to *Nurse Aide*.
As a result of the revised curriculum standard title, the program code would change.
- Revise the curriculum description.
- Remove the following courses from the required Core:
NAS 102 Nurse Aide II
NAS 103 Home Health Care Nurse Aide
- Add the following courses to the required subject area with instructions to select a minimum of six semester hour credits (shc):
NAS 102 Nurse Aide II
NAS 103 Home Health Care Nurse Aide
NAS 106 Geriatric Aide
NAS 107 Medication Aide

The removal and addition of core courses will result in a change of core hours from 14 SHC to 12-18 SHC.

The curriculum standard revisions will be replicated in the Nurse Aide Program Major in the Health Science: Therapeutic and Diagnostic Services curriculum standard.

Note: The proposed curriculum standard revision includes revised course titles and hours approved by the Curriculum Review Committee (CRC) on October 14, 2014.

Rationale: The participants of the Nursing Assistant Curriculum Revision Grant Project performed a comprehensive review of the Nursing Assistant program and felt that a revised curriculum standard was needed to achieve the primary goal of the Nursing Assistant Curriculum Revision Grant Project which was incorporation of the new curriculum from the Center for Aide Regulation and Education (CARE) Branch of the Division of Health Service Regulation.

In addition, the participants felt that limiting the Core to NAS 101 allows the student to select an additional 6-12 SHC (up to 4 additional credentials) based on their individual career goals and local employer needs.

Vote Results:

Colleges approved to offer the program:	36
Colleges in favor of the recommendations:	20
Colleges that did not respond:	16

Coordinator: Renee Batts

~~Spring 2006~~
 Spring 2015

Curriculum Program Title **Nursing Assistant Nurse Aide (Certificate)** Code **C45480xxx**
 Concentration **(not applicable)** *CIP Code: 51.3902*

Curriculum Description

The Nurse Aide curriculum prepares individuals to work under the supervision of licensed nursing professionals in performing nursing care and services for persons of all ages.

Topics include growth and development, personal care, vital signs, communication, nutrition, medical asepsis, therapeutic activities, accident and fire safety, household environment and equipment management, family resources and services, and employment skills.

Upon completion, the student may be eligible for listing as a Nurse Aide I and other selected Nurse Aide registries as determined by the local program of study.

~~The Nursing Assistant curriculum prepares individuals to work under the supervision of licensed health care professionals in performing nursing care and services for persons of all ages.~~

~~Course work emphasizes growth and development throughout the life span, personal care, vital signs, communication, nutrition, medical asepsis, therapeutic activities, accident and fire safety, household environment and equipment management; family resources and services; and employment skills.~~

~~Graduates of this curriculum may be eligible to be listed on the registry as a Nursing Assistant I and Nursing Assistant II. They may be employed in home health agencies, hospitals, clinics, nursing homes, extended care facilities, and doctors' offices.~~

CURRICULUM STANDARD REVISION

**Practical Nursing (Diploma) (D45660)
Practical Nursing Curriculum Revision Grant Project for 2013-2014**

As a result of the recommendations of the Practical Nursing (Diploma) (D45660) Curriculum Revision Grant Project participants, the State Board is requested to approve the following:

Proposed Revisions

- Revise the curriculum description.

Note: The proposed curriculum standard revision includes revised course hours approved by the Curriculum Review Committee (CRC) on October 14, 2014.

Rationale: The participants of the Practical Nursing Curriculum Revision Grant Project performed a comprehensive review of the Practical Nursing program and felt that a revised curriculum standard was needed to achieve the primary goal of the Practical Nursing Curriculum Revision Grant Project to align with the concept-based Associate Degree Nursing curriculum. Alignment of the two programs provides a more seamless progression between the curricula as recommended by the 2010 Institute of Medicine, *The Future of Nursing Leading Change, Advancing Health*. The proposed curriculum description is consistent with the concept-based model.

Vote Results:

Colleges approved to offer the program:	37
Colleges in favor of the recommendations:	26

PROPOSED CURRICULUM STANDARD

Effective Term
Fall 2000
Fall 2015

Curriculum Program Title **Practical Nursing (Diploma)** Code **D45660**
 Concentration **(not applicable)** CIP Code: 51.3901

Curriculum Description

The Practical Nursing curriculum provides knowledge and skills to integrate safety and quality into nursing care to meet the needs of the holistic individual which impact health, quality of life, and achievement of potential.

Course work includes and builds upon the domains of healthcare, nursing practice, and the holistic individual. Content emphasizes safe, individualized nursing care and participation in the interdisciplinary team while employing evidence-based practice, quality improvement, and informatics.

Graduates are eligible to apply to take the National Council Licensure Examination (NCLEX-PN) which is required for practice as a Licensed Practical Nurse. Employment opportunities include hospitals, rehabilitation/long term care/home health facilities, clinics, and physicians' offices.

~~The Practical Nursing curriculum prepares individuals with the knowledge and skills to provide nursing care to children and adults.~~

~~Students will participate in assessment, planning, implementing, and evaluating nursing care.~~

~~Graduates are eligible to apply to take the National Council Licensure Examination (NCLEX-PN) which is required for practice as a Licensed Practical Nurse. Employment opportunities include hospitals, rehabilitation/long term care/home health facilities, clinics, and physicians' offices.~~
